Cottagers fight MMAH

Insistence on 'seasonal' irks land owners

The Soyers Lake Ratepayers Association hopes to convince the Ministry of Municipal Affairs and Housing that its objection to Anson, Hindon and Minden's proposed comprehensive zoning by-law that allows residential dwellings on lakeshore property, is unnecessary, according to association directors.

The directors met, Sunday, to discuss the implication of a memorandum from the community planning review branch of the ministry to the Ontario Municipal Board outlining objections to the by-law.

First on the list of objections was that "the R4 and R5 provisions as proposed, would allow all existing cot-

tage development to convert to permanent residential status and all vacant land within these zones to be developed on the basis of permanent year-round occupancy".

The ministry states that owners of R4 and R5 zoned properties could in the future demand services as "road maintenance, and snow ploughing, garbage collection and disposal, school housing and emergency services". The ministry continues that since many properties in the R4 and R5 zones are served by private roads, to permit residential development would be a contradiction to section 2.18 of the by-law which only allows recreational dwellings on a private road.

"The province takes the position that permitting of permanent residential in lakefront areas, particularly those served only by private roads, is premature until planning studies support this use. These studies should address, among other things, the level of development the body of water can sustain and the economic implications for the municipality," the ministry's memorandum stated.

Lew McCarrison, president of the Soyers Lake Association, wrote the Anson, Hindon and Minden council to suggest a meeting be set up with the ministry on Thanksgiving week-end to discuss the objection.

"From the outset, our association has refused to accept any change in the residential status established under the original zoning by-law in 1967. However, we have also recognized the concerns of local and provincial authorities regarding the provision of services for permanent residences in remote areas," McCarrison

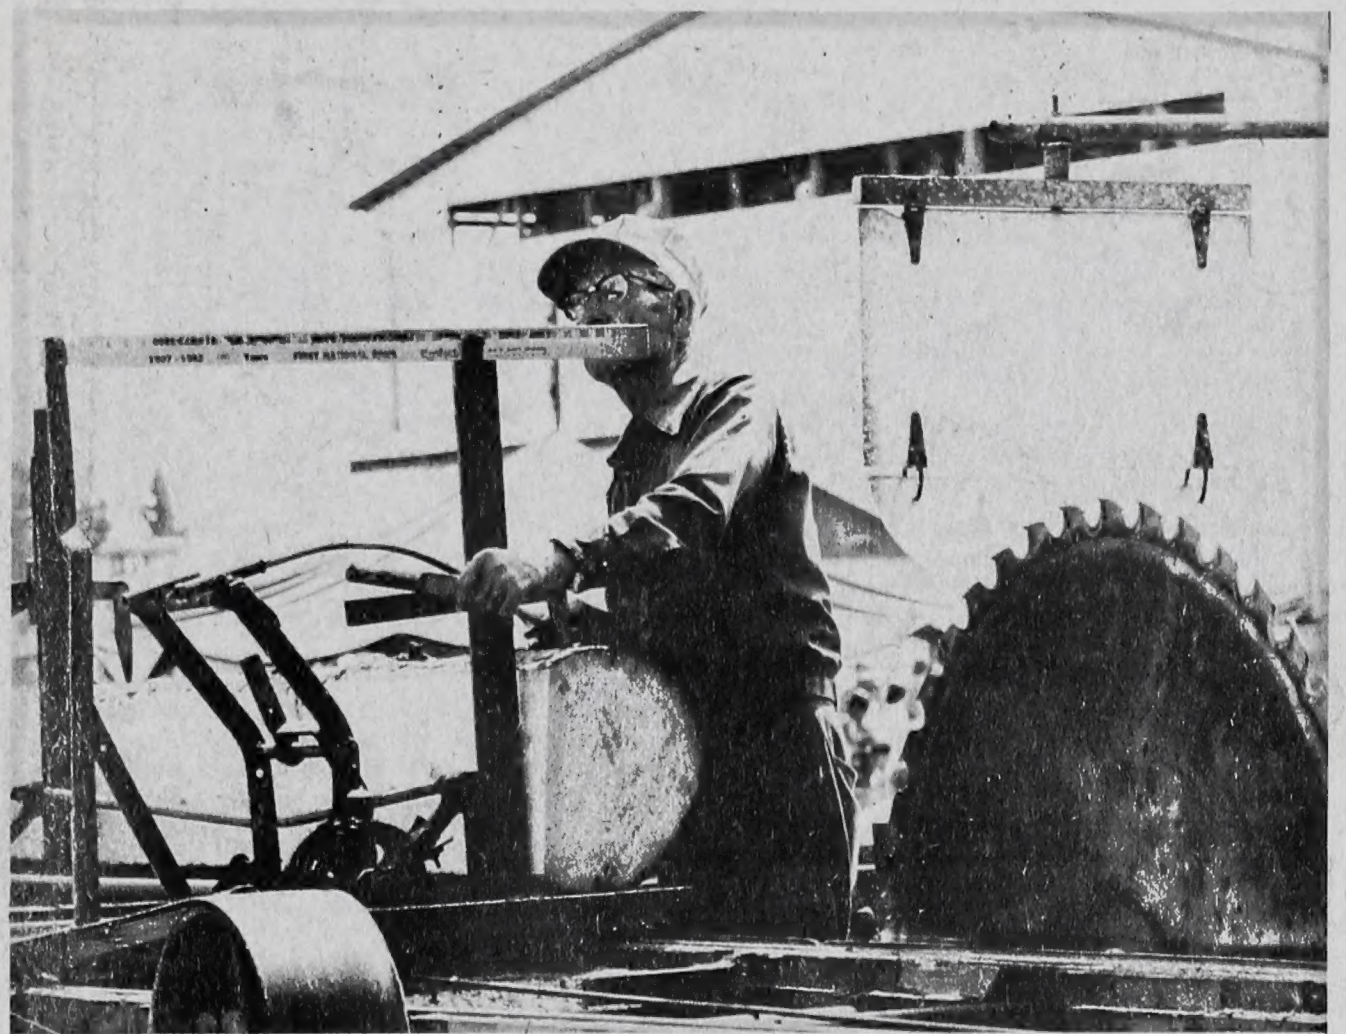

stated in a press release this week.

McCarrison pointed out the association suggested at a public meeting last October, that the municipality consider limited services areas.

The final draft of the zoning by-law deleted all references to seasonal or recreational residences and the association was satisfied, McCarrison said.

In its formal letter of objection to the by-law in April, the association said "we express our thanks to council for recognizing the rights of occupancy which existed under by-law 14-67 and deleting all references to limitations on occupancy in this new by-law (82-11)".

"It is somewhat ironic that one year ago we were fighting with council and offering what we believed were constructive suggestions for the resolution of our problems and now one year later, we will be joining with council to offer the same suggestions to the province to try and Please turn to Page 8

Sawing lumber is a taxing job as this sawyer at the Kinnmount Fair demonstrated Sunday. Attendance at the annual extravaganza soared this year as seasonably warm weather and plenty of sunshine

brought out hundreds of spectators. As usual, the sawmill and steam engine demonstrations drew attentive onlookers. For results and more pictures see pages 2 and 3.

Fall tours scheduled

Autumn business could improve

In its bid to improve tourism in the "shoulder seasons", the Haliburton Highlands Chamber of Commerce has scheduled twice weekly bus tours that will take visitors around the county during the peak colour season.

In its first year, the bus tours will leave for an all-day outing Tuesdays and for a half-day trip, Thursday afternoons. The tours run for a four week period beginning next Tuesday.

Pick-up for passengers in Haliburton will be made at the Rails' End Gallery in Haliburton village at 9:30 a.m., Tuesday and 1:45 p.m., Thursday. Passengers in Minden Village can join the tour at 10:15 a.m., Tuesdays and 1 p.m., Thursdays.

The tours stop at such historical and picturesque sites as the Minden Wild Water Park, the Kanawa Canoe Museum, St. Peter's Church in Maple Lake, the Dorset Fire Tower, Robinson's General Store in Dorset, Panorama Park, Skyline Park, the Glebe Park Pioneer Museum and the Minden Cultural Centre.

Tuesday tours cost \$10.95 including lunch at the Nordic Inn in Dorset, while the price of Thursday tours, including tea or coffee and biscuits at the Chatterbox at Twelve Mile Lake, is \$4.95 per person.

The chamber of commerce in Minden should be contacted for further information.

Fearrey, Bannon drop from Dysart roster

Dysart et al councillors and other candidates from the last municipal election have begun to make decisions about their political futures. With the first three year term for municipal councillors to be implemented after the November election, councillors are considering their options carefully.

Dysart's election has a different twist this year as the present council is attempting to implement a new ward system that it hopes will give equal representation to all areas. Since the by-law has not been approved yet, the uncertainty of ward boundaries has clouded councillors and candidates' decisions to run. If no objections are received to the by-law it is likely wards

will be changed for the fall election, creating two more seats at the council table.

There is no doubt the new faces will appear after the election as the two top councillors have announced they will not run for re-election.

"It is my intention not to seek re-election," said Murray Fearrey said in a telephone interview Tuesday. Fearrey has served as reeve of the united townships since 1973.

As well as Fearrey, deputy-reeve Harold Bannon, who has been a councillor for nine years and deputy-reeve for six, has announced he will retire. Bannon stated health reasons were forcing him to reduce his work load.

With both the top jobs on council open, none of the

present councillors has stated explicitly that he will run for either position. Both councillors Gary McKnight and Sid Cooper said they were considering running for the deputy-reeve position but neither has made a firm decision. However, both councillors will run for their names before the public this fall.

McKnight is affected by the possible change in wards as he now represents ward two but would live in ward one if the by-law is passed.

If the ward system is changed Cooper will run in the Guilford/Havelock, ward four area if he decided not to move up the council ladder.

In ward one, incumbent Roy Brohm has not yet decided if he will stand for

re-election. Brohm would be unaffected by the ward change.

Linda Beachli, an unsuccessful candidate in the last municipal election said she plans to run for the position

of ward one councillor again this fall.

Pat Kennedy, who also was unsuccessful in the ward one elections two years ago, is undecided if he will run again. A change in the ward system could affect Ken-

nedy's decision as he lives near the border of ward one and ward two. Kennedy said he would be interested in running in ward one but not ward two since he feels the Harcourt area deserves to have its own representative.

Trustees increase wages

After the November municipal elections, trustees on the board of education will be paid \$50 more per month. The resolution to increase remuneration was made by the present board of directors at the August meeting.

Since 1974 board members have received \$200 per

month. Just this year boards across Ontario were given the right to set their own remuneration when the former pay system, geared to student enrolment, was dropped by the provincial government.

Cheryl Murdock, chairman of the board, said, last Wednesday, the board's in-

crease is fair in comparison to some of the hefty increases some boards have been giving themselves.

"We felt we could do the job and function quite well at that (\$250)," Murdock said.

The raise does not apply until a new board is elected in November.

Kanawa canoes displayed at gallery

Chris Lynd, Kirk Whipper examine Lapland costume

For local residents or visitors who have never visited the Kanawa International Canoe Museum on Highway 35, north of Carnarvon, it will be possible to see a cross section of the famous collection at the Rails' End Gallery in Haliburton Village during the next month.

Kirk Whipper, owner of the collection, attended the opening of the show, last Saturday afternoon. Whipper said he intended the exhibit to be a small cross section of the evolution of canoes in Canada. A reed boat, a birch bark canoe, a dug-out canoe, a cedar strip, and an arctic canoe as well as a host of models from around the world give visitors a glimpse of the treasures on display at the museum.

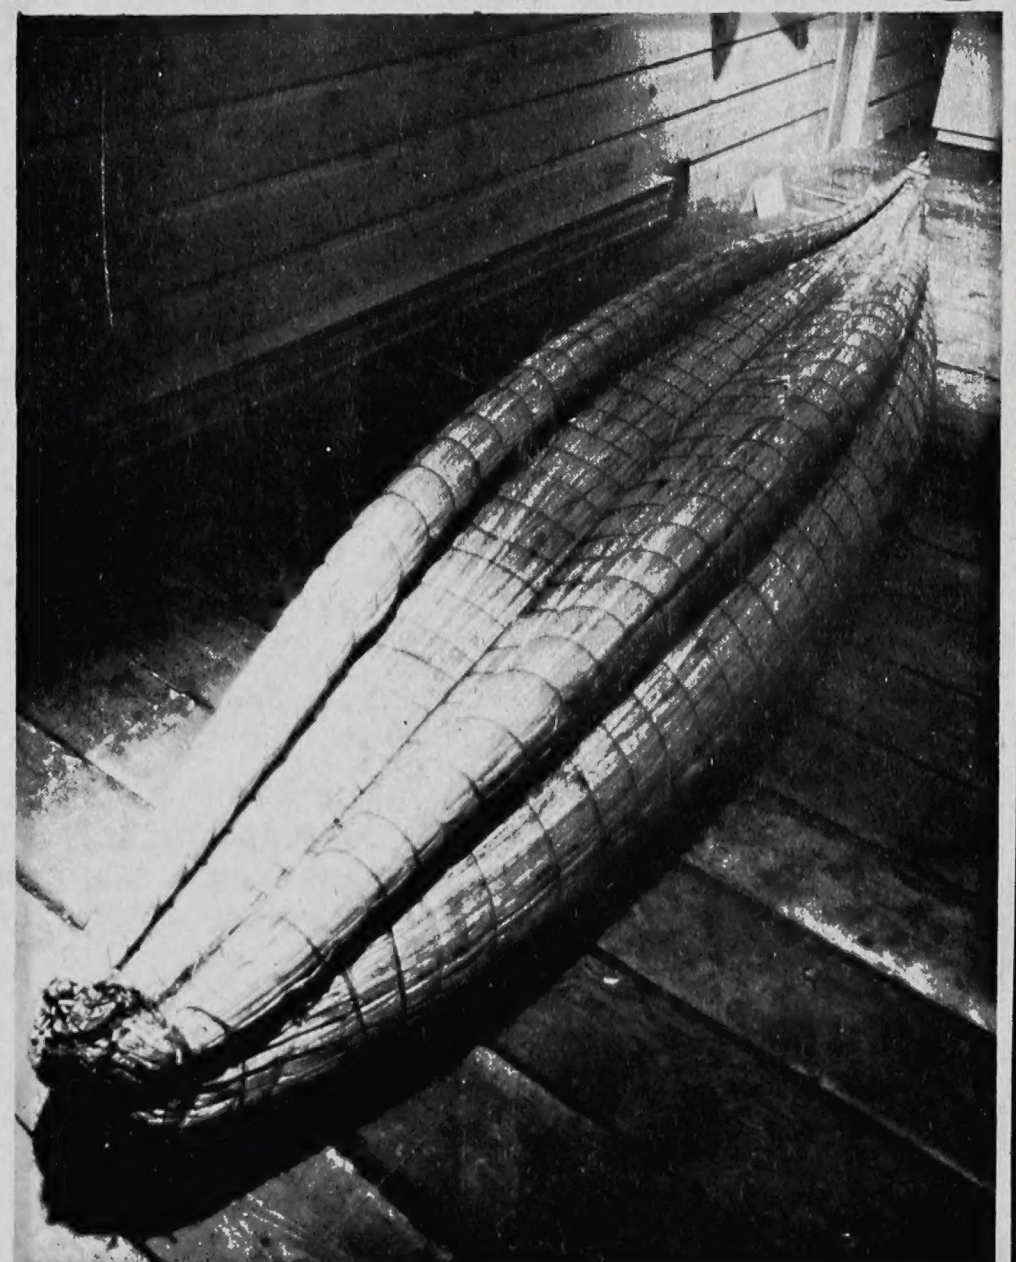

On display for the first time and possibly the only exhibit of its kind in North America is a ceremonial costume from Lapland. Whipper

Rare Lapland costume on exhibit

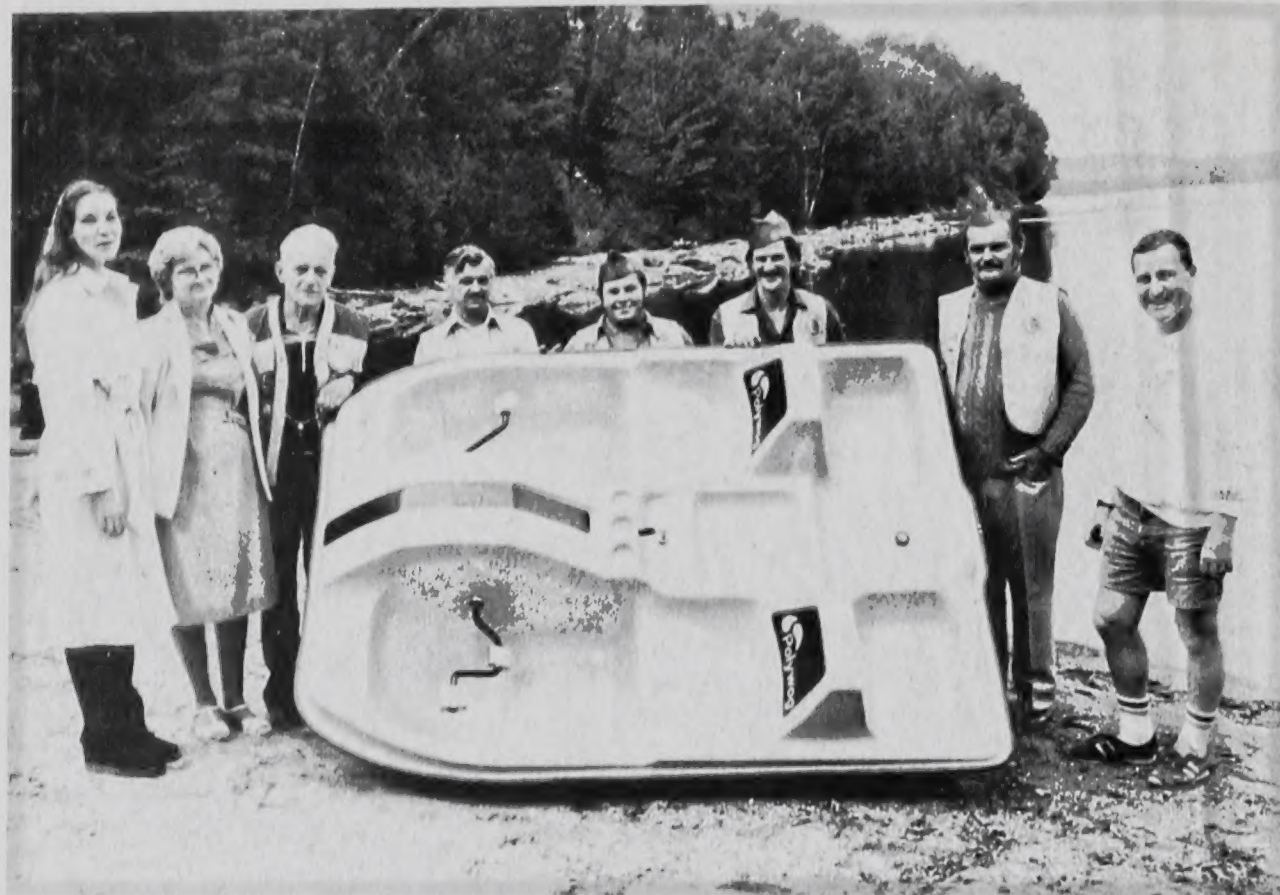

explained this country has closed its doors to this type of export, so the costume may remain the only one of its kind on exhibit on the continent. Accompanying the Lapland costume is a sleigh and reindeer harness.

Along with the canoes and models, snowshoe specimens from around the northern hemisphere are also on display.

The museum, currently the subject of a consultant's study to determine the best location and how it should be operated, may not be located in the county, in the future according to a preliminary report from the consultants. Whipper said he feels the gallery exhibit allows the community to show its interest in the museum and its wishes for the museum to remain in the county. It is hoped the gallery exhibit will encourage people to visit the large display in the three storey log structure on the Camp Kandalore grounds, in the northern section of the county. The exhibit runs until October 5.

Reed canoe from Bolivia, Peru border

The Haliburton and District Lions Club donated a pedal boat to Camp Ilahee, a camp for children with serious medical problems, last Thursday. The donation was made in memory of the late Otto

Homestead. Present during the ceremony were Wendy and Erma Homestead, first vice president Russ Andrus, Les Smith, Don O'Connell, Hank Wiseman, Robert McNab and Dave Sands from Camp Ilahee.

their windshields damaged by airguns during the summer.

Jack Neville reported the damage occurred while the buses were parked in the Haliburton yard.

\$11,510 damages in accidents

No major accidents marred the holiday weekend in the Highlands this year.

Ann Fenton, 25 of Toronto, was treated for injuries at the Haliburton Hospital after a two car collision on the Cranberry Lake Road in Guilford Township, last Saturday.

The cars met with their left front fenders but the 1977 Mercury driven by Donald Jackson, 44 of Newmarket, received only \$10 damage. Fenton's 1978 Toyota sustained \$4,000 after it veered into a rocky ditch and rolled over.

Fenton was charged with failing to wear a seatbelt.

A Gooderham youth was charged with theft of an auto and driving without a licence after a car went out of control on a curve and smashed into a rockcut on Highway 507, one kilometre south of Gooderham.

Grant Remmelgas, 17, and Robert Travis, 17, of Gooderham, were taken to Haliburton Hospital by ambulance.

Damage to the car was estimated at \$6,000. Remmelgas has been charged.

An Eagle Lake youth was admitted to Haliburton Hospital and his three passengers received minor injuries when the car they were riding went out of control on a curve and struck a tree along the North Kashagawigamog Road, early Monday morning.

Melvyn Ridgwell, 18, was driving while Diana Ptolemy, 17 of Milton, Suzanne Blondin, 16 of Oshawa, and Christopher Ward, 15 of RR2 Haliburton were passengers in the vehicle.

Damage to the 1974 Mercury was estimated at \$1,500.

Fair was 'incredibly good'

Overall attendance increased 63 percent this year

Kinmount Fair was "incredibly good" according to organizers with total attendance increasing 63 per cent overall and up 90 per cent Sunday over the same day last year.

Sunshine and warm weather brought hordes of people to the fair both Saturday and Sunday, and those that came were not dissatisfied by the agricultural events organized.

Although all gate receipts have not been tallied, Guy Scott, an organizer of the event, said the total could set a record.

Results from all events are too numerous to mention, so Scott provided some highlights from the annual fair.

In the heavy horse draw, Saturday, Malcolm MacGillivray, from Cardiff, drove his team to a first place finish and Murray Cowan of Haliburton won the red ribbon with his team in Sunday's light horse draw.

In the cattle show, John Sims of Cameron won five firsts in the shorthorn category; Dr. Lois Batty of Cobocok took four first in the hereford class and Gilliam McGregor, of Little Britain followed with three firsts for his hereford entries. Keith Goble of Janetville, won six firsts with his Charlais cattle and Glen Carey, of Omemee, won two firsts. Firsts for simmental cattle went to Brittania Simmental of Dunsford with three ribbons, two ribbons to Elmer Lidtke, of Little Britain, and one red ribbon to both Bryce

Handley, of Burnt River and Olland Nicholson of Cameron.

First place ribbons in the sheep judging went to Russell Dow, of Bowmanville, who amassed 13, Don Grant was a close second with 12 and George Miles of Minissing was awarded six firsts.

For the first year, the fair sponsored a goat show which was successful with more than 30 classes. Jack Spiers, of Mount Albert was presented with 10 firsts; Sharon Greer, of Norland, was awarded two firsts; Laurie McNeven, of Lindsay won three firsts and Ernest Hills of Kinmount took home one first place ribbon.

The exhibit hall was filled with over 1,200 exhibits in more than 500 categories this year. Scott said the number of exhibitors was the most entered in the fair in recent years.

In the school category, Burnt River School won a red ribbon for its 20 foot mural and Camp Chimo's campers picked up six individual first place awards.

In crafts, Jan Abela, of Kinmount, entered the best oil painting, and Penny Goodhand, of Fenelon Falls, won the sought-after first place ribbon in the handicraft special category. The popular rag doll contest saw Norma Handley, of Fenelon Falls, win first; Penny Goodhand and Eleanor Southern, of Cannington each picked up first place ribbons in the ceramics classes.

As always, the vegetable tables brought lots of

Briefly ...

Hard times hit thieves

It could be a sign of the times that thieves are stooping to petty thefts to make their budgets stretch a little further.

Last Monday, August 30, a Shomberg area man reported he had given a ride to five youths who had experienced car trouble, on Highway 118, west of Carnarvon. He later discovered the group had relieved him of several meat pies which had been stored in a cooler in the back seat of his car.

Early Sunday morning, a Peterborough area man, camping at a Minden area campground, reported a two pound sirloin steak, a large brown egg, four ounces of mayonnaise and an armload of firewood had disappeared from his campsite, overnight.

Other unusual thefts around the county, reported in the last week, include a 27 foot banner from the "Canadian National Hill Climbing Championships", a wooden "Funeral Parking" sign and a small wooden sign with the name "Yardley" on it.

Barr's stores broken into

Barr's General Store in Gooderham reported a break-in last Thursday. Thieves took items, mainly watches, valued at \$530.

The incident is still under investigation.

Buses damaged by airguns

During the push to ready school buses for the September opening of schools, Northern Transit Ltd., in Haliburton village discovered six buses had

entries to the fair but there could be only one winner in each category. The best garden produce display was entered by Michael Perry, of Fenelon Falls and Norma Handley had the best 11 quart basket of potatoes; the best potatoes entered by a child under 16 were brought to the fair by Lori-Ann Ferren, of Kinmount; the three largest potatoes were the produce of John Hickey, of Kinmount; Neil Cartwright of Willowdale won first place for his red tomatoes and Jeff Lettner, of Kinmount was awarded first for his green tomatoes.

First place ribbons in the flower judging went to Lola Dettman, of Kinmount, for her cut flowers, Katherine Smith, of Kinmount, for an arrangement for a sick room, Herbert Fischer, of Kinmount for the best houseplant, Mary Hartin Sr. of Kinmount for her asters and dahlias, Penny Hartin of Kinmount for her small zinnias and Edna Junkin, of Bobcaygeon for her wild flowers.

The baking contest attracted some of the best cooks in the area and judging some of the categories was difficult. Bea Taylor of Minden, who had 120 entries in the fair, baked the best chocolate cake. Michael Perry made the best butter tarts, the best ginger bread cookies were entered by Jean Dolan, of Fenelon Falls, Violet Schroter, of Kinmount, baked the best white layer cake and the best loaf of white bread was made by Margeurite Scarlett of Kinmount. Muriel Bird of Minden baked the best loaf of brown bread, Karen Lettner of Kinmount won the ever popular peanut butter cookie contest and Violet Schroter made the best cherry pie. Zeta Byrne of Fenelon Falls, entered the best four item display of baked goods, Enneli Lettner, of Kinmount produced the best quart of maple syrup and Joyce Hills, of Kinmount made the best hot dog relish. The best decorated cake, described as a "beauty" was

designed by Goldie Dudman, of Burnt River and Dorothy Hodgson, also of Burnt River, baked the best dark fruit cake. The best chocolate chip cookies were made by Mary Lou Bales, of Kinmount. Elizabeth Murphy, of Toronto, picked up three firsts for her date loaf, lemon loaf and cherry-nut loaf.

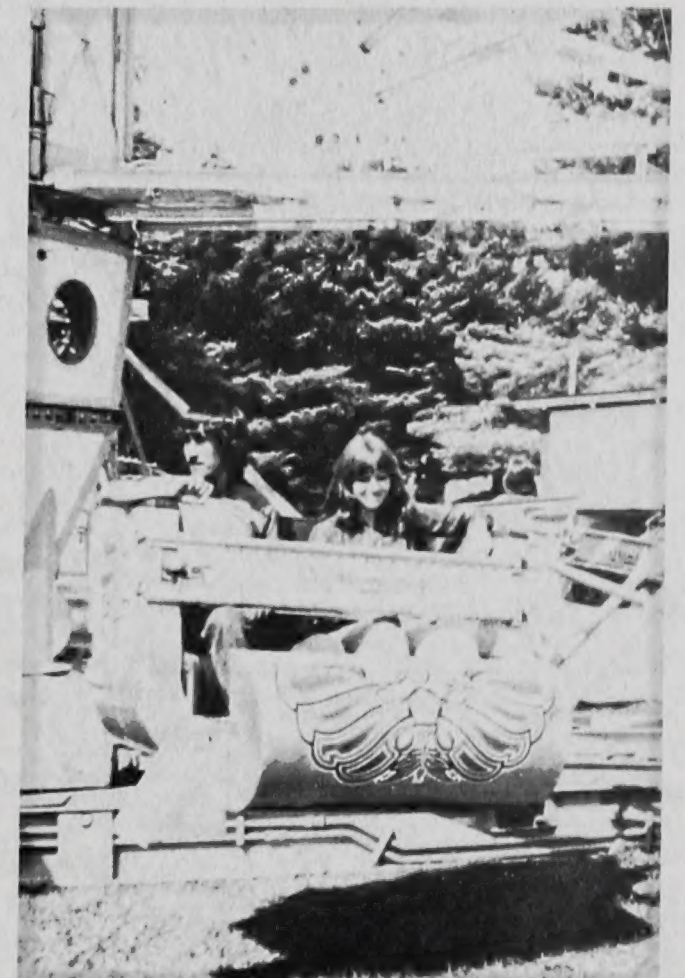

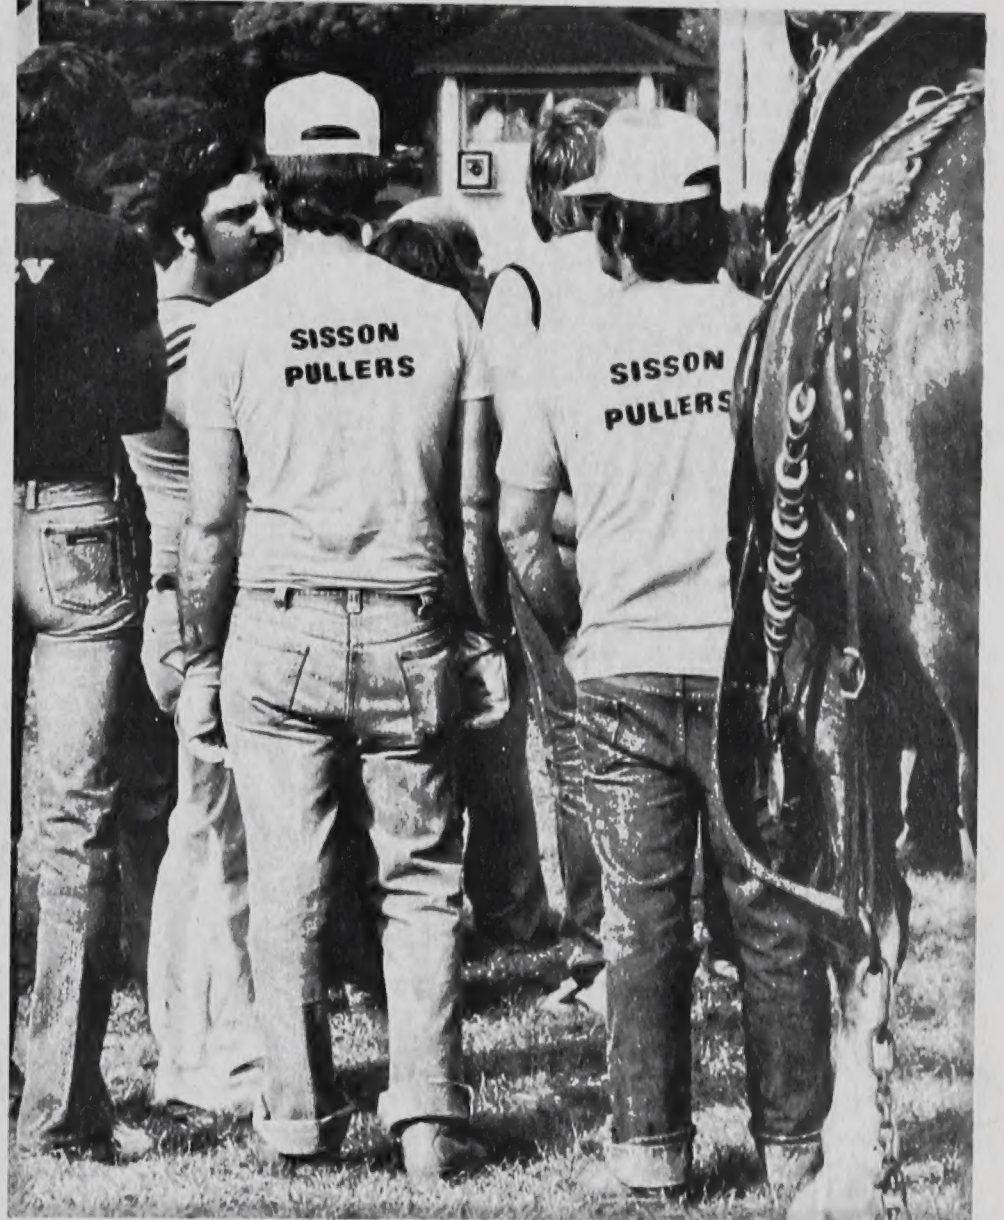

In the sewing category, Bea Taylor entered the best quilt, and Vera Byrne of Kinmount stitched the best crib quilt. Pat St. Thomas, of Ajax, made the best comforter with Simone Harrison, of Minden, took home the red ribbon for her pieced-cotton quilt. A hooked rug, which is expected to be forwarded to the Oshawa North District Fair, won first for Ken Hyams of Kinmount. Gaylene Johnson, of Haliburton, entered the best three articles for a bazaar and Margaret Fischer, of Kinmount, had the best needlepoint entry. Nancy Crego, of Kinmount, had sewn the best child's granny gown, while Katherine Francis, of Norland, won first for her crewel work. Joyce Kurz, of Fenelon Falls, knotted the best macrame and Joan Hyams, of Kinmount, made the best man's vest. Sharon Sisson, of Bracebridge, won first for her ladies skirt, and Deborah Lettner, of Kinmount, took the red ribbon for her short skirt.

The best senior citizens' display was entered by the Kinmount Senior Citizen's Club.

The demolition derby was again a success on Sunday afternoon, with Cornelius Gilsen, of Downeyville, taking home the title. Two-time derby winner Roger Billings, of Gooderham, finished second.

In the horseshoe pitching contest, the MacLaughlin brothers from Blackstock won first and Roy MacLaughlin won the men's singles competition.

Results from the horse show and mutt show were not available by press time.

COMMENT

Editorials

Thought needed

Electors in the municipality of Dysart et al will face a number of complex decisions in the next two months leading up to the municipal elections. Not only are property owners and residents being asked to choose the representatives who will serve as council members for a period of three years, but a proposed change in the wards may be implemented giving areas such as Harcourt an opportunity to elect a leader from their midst.

The change in wards is still up in the air as the by-law has been published and the municipality is awaiting any objections ratepayers might have. If an objection is received the matter would have to be presented to the Ontario Municipal Board and the ward system revamping would be scrapped for this upcoming election. If no objections are registered the ward system will be changed to include five wards, an increase from the present three areas.

While a new ward system will change the vote considerably, and may place incumbent councillors in a new area, it is hoped by the present council the new system will give better and more equal representation to all residents in the county's largest municipality.

However, the possible change in the ward system is not the only complex issue facing the electors. This week, both reeve Murray Fearrey and deputy-reeve Harold Bannon have stated publicly that they will seek re-election. Both men have been long-time members at the council table and have been able to offer important advice during decision making sessions. And both have been the council's tie to county council since the early 1970's.

At the county level, Fearrey has become one of, if not the most progressive member pushing for changes in the provisional title, county planning and status of provincial and county highways. No doubt, it has been exasperating for Fearrey, at times, as he attempted to move the county in the direction of progress and was slowed for months and years by the less progressive members of council.

During his terms as reeve, Fearrey has done much to strengthen positive bonds with local cottage associations and the end result is that an air of understanding and cooperation underlies many discussions between the two groups.

On the same note, Bannon has accumulated knowledge of the municipal affairs during his nine years as councillor and six as deputy-reeve. He has served on every committee in the municipality and has been involved in decisions at the county level.

When these men leave, Dysart will loose with them an understanding of the county system. New representatives will be faced with sorting out the politics at the higher level as well as attempting to run the municipality in an orderly fashion ratepayers have become accustomed to.

Thus far, no resident has publicly expressed a desire for the reeve's chair while two incumbent councillors are considering a step up to the deputy-reeve's position. In the last election both Bannon and Fearrey were acclaimed to their positions.

Electors now should be considering responsible residents who can effectively represent the largest municipality of the county. It is important that Dysart et al continue to have strong, well-guided leadership if it is to remain as progressive as it has in the past.

Write a letter

Are you interested in your community? Are you concerned about its future? Are you irked by a council decision, frustrated with inflation and taxes, worried about where the world is headed? Why not get it off your chest through a letter to the editor. The letters to the editor column is a public forum and you're invited to use it as often as you like.

All we ask is that you sign your letter, and that you couch your criticisms and observations in language that is publically (and legally) acceptable.

So why not have your say? Your views may point the way to important changes.

HAROLD BROADHAGEN AT THE GALLERY

by SUE COOPER

Government red tape is frustrating

As others see it

Safeguard Business

One of the most frustrating aspects of government is the amount of red tape that is used to connect, bind, package and generally decorate the various departments of administration. All governments move to the swish of red tape; that rustling sound you hear at government meetings is not the noise of documents being handed around or of pages being turned, it is the sound of countless miles of red tape that festoon every government figure and the offices and corridors of administration.

We tend to chuckle a little over the entangled mess that red tape creates, but there are times when our chuckles quickly turn to growls of growing anger over the injustice and confusion that result from trying to unravel it. The workers at Lindsay's Trent Rubber plant can be forgiven if they have lost any sense of humour where red tape is concerned; when government inaction permits the injustice and the unfair operational handicap imposed by foreign dumping, the victims of such nonsense can hardly be expected to slough it off with a smile or a chuckle. A special assessments program under the aegis of the Department of National Revenue has been investigating the charges made by Trent Rubber against several South Korean companies dumping rubber products into the Canadian market and undercutting prices. The investigation has been going on since July 21 and it is expected that it will require five months before any decision is forthcoming.

We know Rome wasn't built in a day, but then, Roman chariots did not have rubber wheels.

With the country's economy in its present state, surely it is not unreasonable to suggest that the very government responsible for proper measures to safeguard business, accelerate its activities in this area. When precious jobs are at stake and when the entire country is reeling from the pressures of the economy, one would think that red tape could be sliced away and the heart of the matter examined in double quick time. It seems not.

We cannot fairly expect the government to be responsible for fluctuating markets and for economy changes that are being felt around the globe, but if there is any single action that can be taken to correct an injustice and to right a great economic wrong, Canadians have every right to expect their government to move quickly and to dispense with the red tape.

The livelihood of Canadians cannot be restricted by having workers gagged and bound with red tape.

The Lindsay Post

No more 'nice guy'

Some days it just doesn't pay to be nice or to try to give the other guy a break. I know because we tried to do both this week in presenting all sides to the question of increased taxes in the business community, and I think our generous nature was taken advantage of in at least one area.

Word was received in our office last Tuesday that several businesses were meeting to discuss their taxes, and some of the steps they could take to perhaps lower these taxes. A session was set for Wednesday afternoon at a local servicing company - but no press please, my business contact pleaded. We may be a little upset and we want to speak freely without being quoted.

I agreed to attend the session as an observer only, and was promised I'd get the full and more rational details of what was going to be done prior to press time this week. The session did give the background I needed to launch my inquiries, for a reporter to conduct a business survey, and for that we're grateful.

What I'm not so amused about, contact person from the so-called committee contemplating legal action on the high tax notices, is your failure to get back to me with an on-the-record report. You were made aware of our deadline limitations on at least two occasions - after last Wednesday's meeting and Monday evening, when I called your home to discuss the matter.

If you are still proceeding with plans to pursue legal channels, I am fully aware of the no-comment nature that generally surrounds these matters. You don't want to tip your hand, so to speak, to the other side.

But what burns me up is the fact you didn't have the courtesy to call back and say, "I'm sorry - we are proceeding with legal action, yes, but that's all I can give for now." At least we could have presented that much to our readers, and many of these include the very businesses you'll probably want supporting your cause if you're going to fight the Town on taxes.

We had superb cooperation from the businesses we contacted in the survey; from the Town office with information and graphs to illustrate their points; and from the provincial assessor's office. All of these combined should give our readers a pretty good idea of where the parties stand in this matter.

But a piece of the overall puzzle is missing with your comments, contact person, and you can rest assured on one item. If and when you suddenly decide to make use of the opportunity we provided to tell your story - to use our newspaper to put across your aims and to garner support - you're going to get a slightly different reception.

I don't like people who make promises they can't or won't keep.

Editor's note: Our contact person did eventually get back to us with a "prepared report" - at 10:30 a.m., about one and a half hours past deadline time.

The Western Review

Feir Play

by Creighton Feir

A young group of musicians banded themselves together this past summer to form a tremendous musical group known as the Dixieland Ambassadors. They played at several functions during the summer in various parts of Haliburton County. It was my pleasure to hear them play those great dixieland numbers, on several occasions. Their biggest thrill came one day last week when they were invited to play at the Centennial Square at the Canadian National Exhibition. The group has disbanded for the season with some of the members going back to high school while others will be going to college. We wish each of the members of this musical organization the best of luck in the future.

Our congratulations go out to the Haliburton Lumber softball team, winners of the Haliburton Men's Recreation Softball League for 1982. The team came through with flying colours in the final game to take home the trophy.

According to a write-up in the Toronto Star summer really has been rotten. It says "You're right - this was the worst summer since grandpa was a kid. In fact, not since 1929, says the weatherman, has it been such a cold summer in Toronto. And what's more, the seasons highest temperature - 30 degrees Celcius - is the lowest high temperature for a summer in 100 years. Environment Canada says the month of July was about normal, but June and August were a holiday misery with the thermometer two or three degrees below what we're used to at this time of the year." What happened? One guess is that the ash from a Mexican volcano helped blot out the warm rays from the sun, but the weather office is not prepared to bet on it.

Last week the children's playground equipment that had been in operation beside the Haliburton Ambulance building at the fairgrounds was moved and installed in the playing area at Rotary Beach. They have all received a new coat of paint and look very attractive in their new setting. The equipment should be used more now that it is in a new location.

The Minden Horticultural Society are to be congratulated on the wonderful job they have done on keeping the colourful flower beds so beautiful along the Gull River in the village. It's a sight to behold.

We have just been told that the Haliburton Business Women will be holding their first meeting on Thursday evening, September 16, at 8:00 p.m. at Extencicare. Business women, wives of businessmen or female employees are invited to attend.

The children have now returned to school, the weather is turning cooler and the summer of 1982 is now history. During the summer months one could say that as far as the weather was concerned, that for most days it was anything but good vacationing weather. Looking back there seems to be only one word that would sum up the spring weather condition and that was lousy. The inclement weather at that time hurt business across the Highlands of Haliburton. The month of July, weather-wise, was ideal but the month of August that has just passed us by, was one of the worst months of August that we can recall. As far as September has been concerned we have had more than our share of rain and cool days and nights, and it rained so much that at times it seemed that we just couldn't get the tap shut off. As far as business is concerned, I have been talking with several business people throughout the County and I bring back the following report. Some say that business has been really good, and that they are more than satisfied, others say that it was a mediocre summer with plenty of people, but they weren't spending the money. The remainder report that business was down and that they were lucky to break even with last year. With inflation being what it is today, a business must be doing better than it did a year ago, but to do just the same amount of business is not good enough.

I had a surprise visit from an old friend the other day when Bill Wilkins who now resides in Trenton, Ontario paid me a call. Many of you will have remembered Bill when he worked here in the Bank of Montreal which was 40 years ago. He tells me that he is now semi-retired and in the photography business.

Rev. James Rackley of Augusta, Georgia will be the guest speaker when the Full Gospel Businessmen's Fellowship in Canada (Haliburton Hyland Chapter) holds its monthly dinner meeting at the Royal Canadian Legion Hall in Haliburton on Friday, September 17 at 7:00 p.m. Evangelist James Rackley is an ordained minister who has appeared throughout the U.S.A., Mexico and Canada teaching and preaching messages of faith and healing. He is a frequent guest on TV-PTL, 700 Club, Good News and 100 Huntley Street. Mr. Rackley's life was transformed in 1975 from that of a police officer carrying a gun to that of an evangelist carrying a bible. Those who will be attending this dinner meeting will be in for an exciting evening as he shares his testimony and motivates his listeners to learn and to act on the word of God.

I noticed the following information on a sign in the window at Stan's Texaco in Haliburton. "If you see someone without a smile, give them yours." Not a bad idea.

Pic of the Past

This is Fall Fair time in Ontario so this week we thought it would be a good idea to bring you another fall fair picture taken from our collection. This photo takes you back a long time to one of the first Minden Fall Fairs. The

Peterborough Pipe Band is shown supplying some good music to the audience which is assembled at the fairgrounds. Take a close look, you may find that you're one of the people in this photo.

Tour cancellation will save money

Report from Parliament

by M.P. Bill Scott

Our Prime Minister's office recently announced that he was cancelling a scheduled tour of the Far East to devote his time to the economy.

The statement, on the face of it, sounds admirable. However, one must ask why he had planned the tour in the first place. It would have cost us untold number of dollars, as it was an official state tour. He has already had his holidays, remember his exciting and eventful tour of Western Canada in the Governor General's private rail car surrounded by RCMP. So I guess we should thank him for his contribution to the saving of our economy by cancelling his tour. The sad fact is that this is probably the only good thing his staying home will accomplish.

Trudeau demonstrated how willing he is to really do something about the economy by his reaction to the proposals the Premiers put forward at the recent Halifax Premier's meeting. He and MacEachen have refused to even discuss their proposals or use them as a starting point at a First Ministers Conference on the economy. Simultaneously, with the announced cancellation of the tour, the Prime Minister's office announced that this did not mean that a conference on the economy would be convened as requested by the Premiers. The Finance Minister instead said that they were sticking to their program and would not listen to anyone. At the same time he said that it would be the Provinces fault if the Federal

program does not work because they are not following it rigidly, even though they were not consulted before its implementation. Trudeau knew what he was saying when he stated that cooperative federalism is dead in Canada. He should know, he stabbed it in the back and continues to twist the knife.

It is difficult to imagine that, at a time when bankruptcies in Canada are up 40 per cent this year and 62 per cent over two years ago and unemployment, even seasonally adjusted, is at a record 11.8 per cent, our Federal Government refuses to listen to suggestions from the Provinces. How can they expect Provincial cooperation when their concerns are not even listened to. Accepting the fact that all decisions are made on a political basis in the Prime Minister's office, it is hard to rationalize the one-tracked attitude especially when the polls tell us that he is no longer the most popular politician in the country.

His suggested devotion of time to the economy will most likely take the form of working on a Cabinet shuffle and on the three Ontario by-elections announced for October 12. Neither of these events will have a positive economic effect. The Liberals have no new saviour waiting for a Cabinet appointment and the electors are unlikely to elect any in October, especially if Trudeau campaigns actively.

What the by-elections most likely will show is the depths to which the hatred of this Government has reached. The Prime Minister would be better to rethink the request for an economic conference and stay in the safety of Ottawa until he can find a legitimate reason to retire before an assured defeat at the next election.

Cheap camping can be expensive

Viewpoint

by JIM WALLY

In these days of high interest rates, high prices, and a paycheck that does not begin to cover it all, a holiday was the furthest thing from my mind. That was until my wife suggested camping.

Now my idea of camping was a pup-tent, two rolled up old blankets, four cans of beans (to be opened without the forgotten can-opener), and a pound of wieners (to be roasted on a stick, dropped in the ashes twice, but eaten just the same). Camping is simple! No, wait a minute, we need a nine foot by nine foot tent on sale for approximately \$95, plus three sleeping bags, a bargain at \$29 each, as well as three air-mattresses, a steal at \$18 each. The list started at \$236, plus tax.

Just think of the motel bills saved. Then came the food cooler, \$29 plus \$6 for freeze packs to keep the food cold. A thermo jug to store cool drinking water and a five-gallon

container for wash water had to be purchased. The list grew to include camp dishes, camp cook-wear, campstoves, and camp lights. Soon, another \$200 was gone.

Think of the Cafe bills saved.

The big day finally arrived. We were ready to go by 6 a.m. The car had to be loaded, and loaded, and loaded. At 9:30, tempers worn thin, we ate breakfast before we left. Then dishes had to be washed, and put away too, - the milkman had to be phoned and the paper boy too. Last chance for the bathroom, check all the doors and windows, the stove and the waterheater, one more bathroom stop and we were away.

Away to the nearest fast-food place for an early lunch at 11:30 a.m.

By 1 p.m. we were on the road, heading for the nearest provincial park. But we were not the only campers who got off to an early start - 10,000 others are jamming the road, rolling along about one mile per hour, heading for the same place. Horns blow, engines roar, people yell. Over this

From the Chamber by Bob Stinson

Are You Ready For The "Next Season"

Labour Day week-end traditionally signals the end of another busy summer here in the Highlands and most of you heave a sigh of relief and look forward to the slow down. It has been one of the problems in trying to build some "shoulder season" business that this attitude prevails and by the time everyone has caught their breath it's too late, we've missed the potential of what should be a lucrative fall business. We simply can't afford the luxury of a rest.

The Chamber, in an effort to turn this situation around, has been working during the summer to prepare two fall programs that should increase the number of visitors to the Highlands between now and Thanksgiving, The Harvest Festival and the Fall Bus Tours should provide a "lure" as well as provide a return for their operators. If the Bus Tours are successful the Chamber will see that they are run throughout the summer next year. If the Harvest Festival is successful we anticipate seeing it vastly expanded in the future years to become a very major draw in the fall season.

Both programs can benefit the community but they will need full community support in order to work. We need you, the members, talking about these attractions and promoting them to summer residents and visitors. Offer to pick up tickets or passports for them and include them in promotional "packages." Let's not stop for a breath yet - there will be plenty of time for that after Thanksgiving.

Let's Bug Those Radio Stations

The "Haliburton Highlands Weather Reports" are still being prepared and put on tape by Elgin Stouffer. They are available on a toll-free line to all radio and T.V. stations so that they may keep their listeners informed first hand on conditions here in the Highlands. Some radio stations have used the tapes from time to time but most are not doing so consistently (other than CKLY in Lindsay). This is not only valuable exposure for our area but the information should be very valuable to many of our potential visitors and cottagers when planning their trips here.

These stations tend to "test the waters" when they put such things on the air. If they play them and there is no reaction they will then draw them to see if there is any complaints. It is therefore important to let those who are playing our Weather Report tapes know that we appreciate hearing that sort of information, and those who aren't should be asked why not.

The following is a list of the stations that have so far provided some air time. Tell them you want to hear more and contact others to tell them their competition is playing it. Get your friends, relatives and customers to do the same.

CKLY - Lindsay, Ontario, K9V 2Z3, 705-324-9103, CHUM - 1331 Yonge St., Toronto, M4T 1Y1, 416-925-6666, CKOC - 73 Garfield Ave. S., Hamilton, Ont. L8M 3P5, 416-545-5885, CHML - 898 Main St. E., Hamilton, Ont. L8M 1M1, 416-549-2411, CKKW - Box 1090, Kitchener, Ont. N2G 4E9, 519-579-1090, CFCA - c/o Box 1090, Kitchener, Ont., N2G 4E9, 519-579-1090.

With your help this program can be very successful. Without it, it will be discontinued because of insufficient participation. Please give us a hand.

Highlander of the Year Selected

The Board of Directors met last week and faced the very difficult decision of selecting this year's Highlander of the Year from amongst the nine very deserving candidates who were nominated. A decision was made, but you won't find out the winner by reading it here. All members of the board have been sworn to secrecy until October 20 when the presentation will be made at the Annual Meeting.

Watch for details shortly on our Annual Meeting day. It will feature a full day of workshops and panel discussions and the Honourable Reuben Baetz, Minister of Tourism and Recreation as the guest speaker at the evening Banquet.

Election Fever

As we look towards the elections in November, which for the first time will elect our municipal politicians for a three year term, there is growing

concern over the apparent abdication of some of our more seasoned leaders in the county. Indications are that they are leaving the municipal scene having been discouraged by the petty knit picking, and haggling they have been faced with at the county level. If this situation cannot be resolved we will be entering a new era, as a full fledged county, having discarded the "provisional" from the county name, with many new faces on county council. They will be attempting to fill some very large shoes and no doubt will be faced with the same frustrations that drove their predecessors from office.

Never before has it been so important for our county to work together, in harmony, to survive and prosper in these difficult economic times. Let us hope we can elect the kind of leadership in our council chambers that can carry it off. Voting for them is only half the battle. First, good people must be encouraged to run and hold office, so that we do have good people to vote for.

Kayakers brave the Gull for trophy

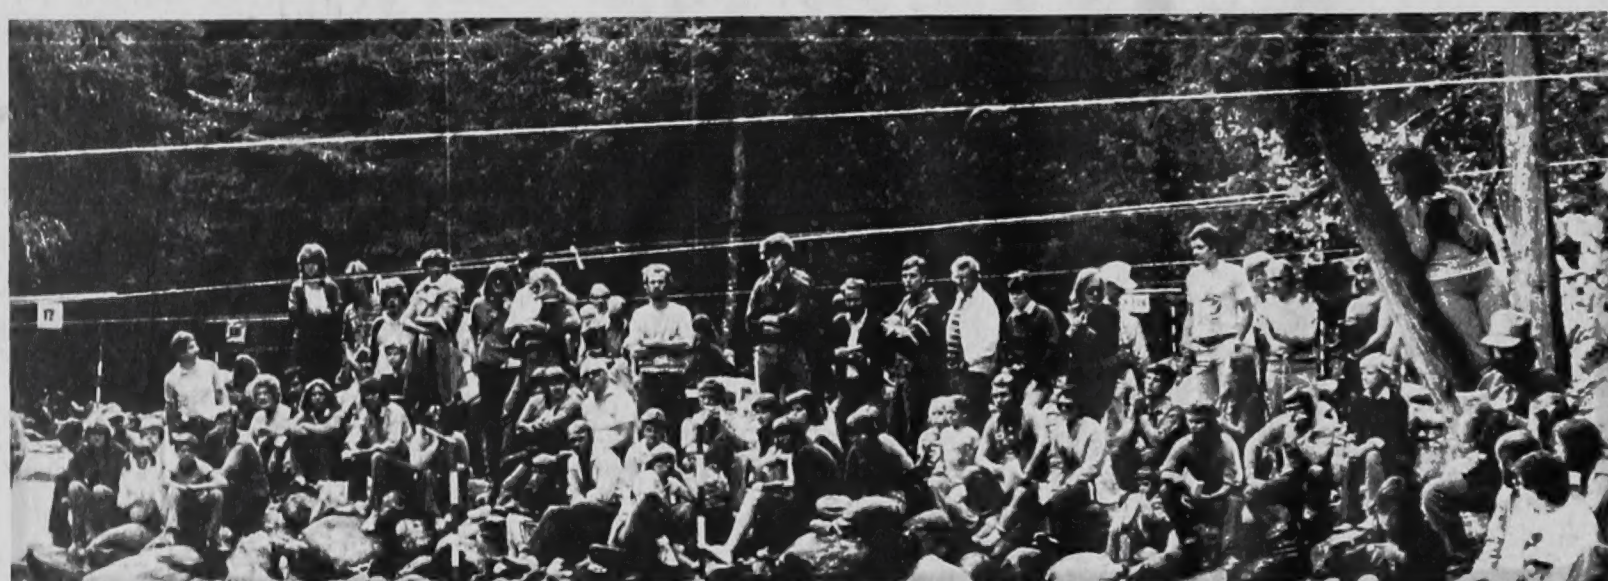

Kayakers and canoeists competed in the third and final event of the Pan American Championships at the Minden White Water Preserve, Saturday.

The day-long event brought not only competitors from around the world to Horseshoe Rapids but also hundreds of spectators, who lined the banks of the Gull River to watch the event.

The championships began on the Savage River in Maryland, August 21, and continued in Jonquire, Quebec, two weeks ago with the final competition in Minden last week-end.

Winners of the event held at the Minden Wild Water Preserve were: single man kayak (K1), the top three competitors were Chris McCormick, of the United States, Franz Kremslehner, of Australia, Mike Day of the United States. In the single woman kayak (K1W) Renata Weilung, of Australia was first, Jane Wilson of Great Britain was second and Sue Gariok of Great Britain was third. In the single canoe competition (C1) Dave Hearn of the United States placed first, Robert Robinson of the United States was second and Martin Hedges of Great Britain finished third.

Seventh annual corn roast organized for Soyers Lake

Saturday, August 28 the Soyers Lake ratepayers association incorporated held its seventh annual corn and weiner roast. Approximately 125 members, guests and friends assembled on the beach property of Lakeview Lodge and despite cool weather enjoyed a delightful evening of fun and food. The 6 p.m. commencement hour enabled those present to visit with friends and neighbours during the daylight while the corn pots were heating up and the barbecue coals were reaching proper cooking temperature.

Association president, Lew McCorrison welcomed all present and thanked roast chairman Gordon Ogg and committee members Joe Smith, Lil and Ben Cameron, John Scarlett, Grace and Bruce Ogg and Moira Dyer for co-ordinating the evening.

John Scarlett tended the fire and cooked 25 dozen cobs of corn while Bill and Bob McCorrison and Val Lalingo prepared 25 dozen barbecued hot dogs.

An enthusiastic sing song led by Bob Thompson and Burt Tait with Nellie Ettel on the guitar brought the evening to a close.

Regatta events scheduled earlier in the day had to be shortened due to poor weather. However the doubles, canoe race was completed with the following results: first - Helen and John Campbell; second - Buzz and Scott Thompson; third - Shirley and Dave Gordon; fourth - Nellie and Victor Ettel.

Sailing activities were put over until Sunday when blue skies and still breezes provided almost perfect conditions for the eager fleet of 12 boats which turned out to display some keen racing skills. The racing committee boat manned by Bill McCorrison and Lori Cameron laid out a large triangular course in accordance with International Yacht Racing rules and regulations. The fleet was

divided into four classes: CL 14's, other dual sail dinghies, single sail boats and a special handicapped yacht class for those boats which had a break down prior to the race.

A brisk northwesterly wind provided all the boats with a good start. After three legs of battling the skills of rival skippers, Rob Cowie in his Mirror Dinghy emerged as the big winner of the day, finishing first overall and first in his class of miscellaneous dual sail boats. Quickly following Crowie were Suzanne and John Scarlett in their Flying Junior taking second in their class and second overall. Skipper Dave

Gordon and his crew, Bill Moebus, manoeuvred their CL14 into a third finishing position overall and first in their class. Buzz Thompson took a first in his single sail class competing with an invitation. Special mention goes to Skipper Dave Robertson, winner of the Special Handicapped Class for his quick and fearless response to a rudder breakdown moments before the race began. Lori Cameron and her father, Ben Cameron, were thanked for organizing and operating the event. It is hoped an active sailing club with regular events held on Soyers Lake throughout the summer will be organized next year.

Sears family reunion held at the Harcourt Centre

Saturday, July 24, the Sears family held its reunion at the Harcourt Community Centre.

Victoria Alice Tompkins, (nee Sears), 84, won the award for the eldest person at the reunion. A prize for the couple from the farthest distance was given to Luella (nee Tompkins) and Arthur Innanen from Longwood, Florida. A prize for the youngest attendant was given to a three week old baby girl.

Family members gathered at the Harcourt Community Centre in the afternoon to visit and reminisce with relatives. A pot luck supper was served and blessing was asked by Alice Tompkins.

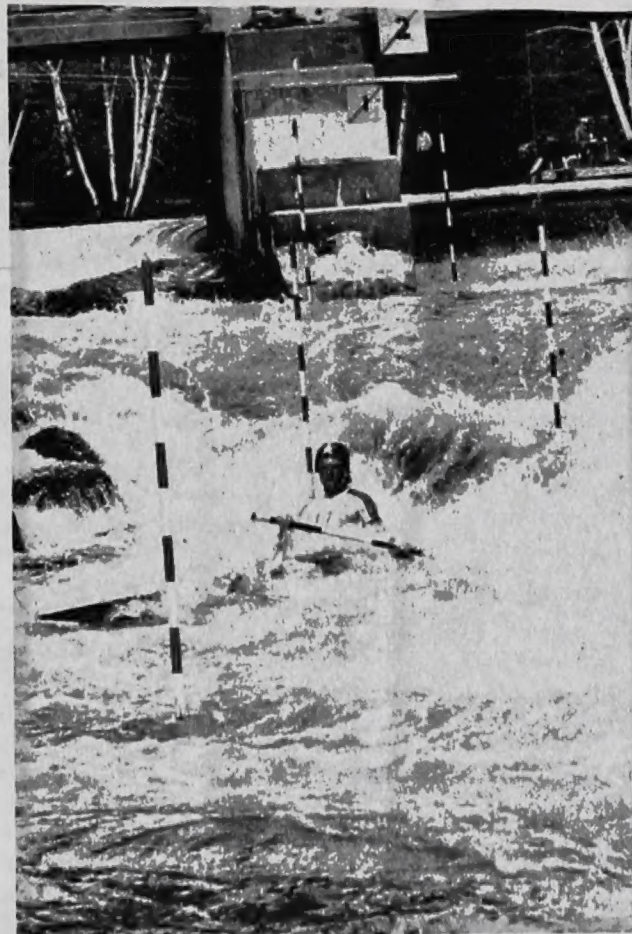

The band Centreline entertained the group in the evening. Two members of

Centreline, Peter and Danny Johnson, are great grandsons of Mrs. Tompkins.

An old fashioned square dance with Earl Peelow, nephew of Mrs. Tompkins, playing the violin and his sister Leola Price accompanied him on the piano. Jim Gaffney called for the square.

Ezra Sears performed an old fashioned step-dance. Some nieces joined in to accompany him in step dancing.

Members of the Sears family came from Harcourt, Haliburton, Baptiste, Bird's Creek, Hybla, Bancroft, Peterborough, Oshawa, Colborne, Belleville, Trenton, Collingwood and Florida.

This kayaker had many gates to manipulate his craft through as he headed into the course, Saturday afternoon. The Pan American championship was held at the Minden White Water Preserve.

Koshlong celebrates 3 events

A surprise baby shower for Lise and Geoff Ainsley of Koshlong Marina turned into a triple celebration Saturday.

Approximately thirty-five cottagers attended the shower hosted by Brian Luckwell and Debbie Holman. Unknown to the guests, Luckwell's excuse to get the Ainsleys to come to the surprise party was that he and Holman were having a

gathering to make an announcement. To the surprise of everyone present, the couple announced their forthcoming marriage in December of this year. They had originally met on Koshlong Lake and are proof that "Haliburton is for lovers". Luckwell then told the Ainsleys the party was a surprise baby shower for them. The Ainsleys received many use-

ful presents for their first baby expected in late November.

The third celebration came a little later in the evening when the guests surprised Frank Cavell with a rousing chorus of Happy Birthday on the occasion of his 70th! Cavell and his wife Ev have been cottagers on Koshlong Lake for over 30 years.

Obituary

Dr. Oswald Watson Anderson

Dr. Oswald Watson Anderson died at Peterborough Civic Hospital last Tuesday.

A resident of extendicare, Haliburton since 1976, Anderson, 85, wrote the Happy Gang News for the Haliburton County Echo for over five years.

Anderson, formerly of Bancroft, graduated from the University of Toronto in 1924 with an M.D. He practiced medicine in Whitney, Coe

Hill, Maynooth and Bancroft, until he retired in 1974.

Born in Sundridge, he was the son of the late Albert and Annie (nee Scott) Anderson. He was predeceased by his wife Sarah (Sadie) Brockbank daughter Lois and brothers Melvin and Elgin.

Surviving are children, John, of Peterborough, Gregory of Bancroft, Robert of Ottawa, and Nancy Blaney of Napanee and brother,

Albert of Toronto and sister Iva Reason, of Toronto.

A veteran of World War One, Anderson was a member of the Bancroft Royal Canadian Legion Branch 181 and the Bancroft A.F. and A.M. #482.

Funeral service was conducted September 1 at the Wiggins Funeral Home in Bancroft with interment in Mount Pleasant Cemetery.

THE SCHNITZEL HOUSE

Minden

WILL BE CLOSED FOR HOLIDAYS

FROM TUESDAY, SEPTEMBER 14 TO THURSDAY, SEPTEMBER 23 inclusive

We will Re-Open on Friday, September 24.

We Apologize for any inconvenience.

Domm will be speaker

The newly formed Victoria - Haliburton Progressive Conservative Youth Association will host a dinner meeting September 16 featuring Bill Domm, M.P. for Peterborough, as guest speaker. He has been the caucus spokesman on the subject of Metric Conversion.

The Progressive Conservative party, although not trying to ban the use of metric, has strongly opposed the manner in which it has been instituted. Domm has led the party's fight against the forced implementation.

Since the life style of all Canadians is changed by the metrication programme it is

expected many citizens of all ages will attend the meeting to hear Domm and to enjoy the dinner scheduled for 6:30 at I.E. Weldon Secondary School, Lindsay.

WANTED

The Echo needs correspondents for Wilberforce, Norland, Tory Hill, Harcourt and surrounding areas to report on community happenings.

If interested please phone

Hunters invited to hunting show OFA displeased with Miller

The hunters of Ontario, and the industry which caters to their needs, will put their tradition on display at the 1982 Hunting Show, at the International Centre in Mississauga, this week-end.

The show will cover virtually every aspect of the hunting tradition, with hands-on activities and demonstrations as its key elements. It will also feature one of the largest displays of supplies for the hunter ever assembled under one roof in Canada, including firearms, bows and apparel.

Among the highlights of the three-day show are the Molson Canadian Open Moose, Goose and Duck-Calling Championships, a sporting-dog demonstration

area, featuring the training and handling of almost every major hunting dog breed, and a hawk and eagle exhibition by a master falconer.

To accommodate the hands-on activity theme, there are ranges for archery, crossbow, slingshot and air rifle shooting under the guidance of expert instructors. For the juniors, there are archery contests, decoy-head whittling and air rifle shooting, all at no extra charge.

As well, many of the province's leading conservation clubs will be manning information displays that deal with such things as safe-gun handling, wildlife habitat management and waterfowl identification.

The Ministry of Natural Resources and the Ontario Provincial Police will also be in attendance, giving hunters an opportunity to clarify firearms and hunting regulations with the government agencies involved. For trappers, the Hudson's Bay Fur Centre will be hosting workshops to upgrade their fur-handling skills.

The 1982 Hunting Show is being sponsored by Ontario OUT OF DOORS Magazine, in conjunction with the Ontario Federation of Anglers and Hunters Inc., to entertain and inform the hunting sportsmen of Ontario.

The Ontario Federation of Agriculture (OFA) is displeased with provincial treasurer Frank Miller's decision to shelve plans for reforming property taxation of farms, OFA president Ralph Barrie said recently.

"The OFA spent a lot of time and effort re-working the government's proposals. We thought we'd come up with a suitable reform package. Now it looks like it's been cast aside indefinitely."

In a letter to the OFA, Miller said the plan would not be implemented "at least for the 1983 taxation year."

Miller said the program was being delayed because he was concerned about additional costs to the province.

"It's ironic to hear that from the same man who stressed the importance of farm tax reform in his 1981 budget speech," Barrie said.

"The provincial government can't consider agriculture too important. After all, we get only one per cent of the province's total budgetary expenditures," Barrie said. "That's not a commitment."

Miller said the proposals were shelved because contention exists over the level of gross farm production required for farmers to qualify for tax rebates. The OFA's position is that the province's proposed gross production criterion for 1983, \$12,000 is too high.

"Besides, after 1983, the government wants that figure to be indexed to match increases in the Farm Price Index (FPI). That makes the base figure totally unrealistic."

Please turn to Page 9

Cottagers upset

from page 1

resolve the problems," McCorriston said.

McCorriston said the association had written council to request a meeting be held Saturday, October 9, to discuss the zoning problems with ministry representatives.

As of Tuesday, the municipality had not received the letter, but clerk Elinor Burke said if it was received and the reeve approved of its addition to the agenda, the matter would be discussed at the regular council meeting today (Wednesday).

Viewpoint

from page 5

chaos the radio warns "Don't take Highway 35 - It is under heavy construction for the next fifty miles".

Now he tells us. We're in the middle of it and there is no off-ramp for the next 20 miles.

Finally, about midnight, after a flat tire, an over-heated motor and running out of gas, we arrive. It is too dark to set up a tent, all the motels are full except the luxurious one at \$75 per night. Too bad they didn't tell us a convention had rented the whole floor above us, and the revellers would spill down into our hallway.

The next morning breaks bright and clear; a perfect day. After a filling restaurant breakfast, we were off to the camp ground. Six bucks got us a fine campsite, close to water, showers and bathroom. There was even a small fire pit to build a safe camp fire in.

An hour later the car was unloaded, and the fun began. First thing, the wind blew the instruction sheet for the tent away. Oh well, what can be so different about setting up a tent? One hour later I stand amazed at the mass of rods and canvas laying at my feet. Then I bribe two boy scouts to do a good deed and set up our tent.

Five minutes and \$10 later there stood our home away from home, a shelter from wind and rain. I stood back to view the scene while the blackflies swarmed around my head.

My wife started screaming that she wanted to go home, because she just saw a garter snake in the grass. She refuses to stay in this snake infested place.

The entire camping trip cost close to \$600 plus meals. The tent stood ten minutes, the rest of the implements were unused. My wife sold the stuff for \$50, which just about covered the cost of the food that spoiled because I forgot to put the freeze packs in the freezer before I put them in the cooler.

PanAmerican results

from page 6

When the results from the three events were tabulated, Andy Wolffhardt, of Australia, won the over-all cup in K1. Kathy Hearn, of the United States took home the Pan American K1W cup and her brother, Dave Hearn, won the Pan American title in C1 category. The C2 Pan American championship was won by Richard Lidstone and Chuck Lee of Alberta, Canada.

OPP investigate crimes

The staff at the Minden OPP detachment reported investigating 67 general occurrences during the past week.

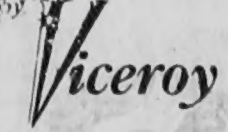

Included in those investigations were nine thefts, eight liquor infractions, five lost and founds, and three break and enters.

The staff were called to investigate 15 motor vehicle accidents in which eight people were injured.

FAMILY

'Art in the Hall' established

by Leopoldina Dobrzensky

A new programme called "Art in the Hall" has been announced.

Starting September 1, 1982, Haliburton County Home Support Services will feature a display of senior citizens' artwork in the hall

of the Drag Lake Municipal building.

Stella Stinson, the convenor of the new programme, will accept paintings, petit point, rug hooking macramé, etc., to be included in a January show of Haliburton County seniors' hobbies.

Viewers interested in purchasing any of the articles should approach the exhibi-

tors directly. No commission is charged by Home Support Services.

The work of Jean Frazer of Gooderham is featured from now until December. Frazer is a painter, a poet and a musician. Her oils, watercolours and sketches are largely inspired by the beauty of the countryside in which she lives. 35 years

ago, Frazer and her husband, both keen naturalists, discovered the Highlands of Haliburton and bought property which is now their retirement home. During her stay in New Toronto, Frazer belonged to the Lakeshore Association of Artists and exhibited in Toronto. More recently, she taught a class of senior citizens in Gooderham.

Happy Gang News

by Allin Macklin

Monday morning, Alice Hartle, Hazel Parish, John Sisson, Harold McKelvey, Ezra Lott, Jack Pollard, Ray Smith and Jack Henderson packed for their camping trip to the South Lake Trailer Park for three days. Accompanying them was Brian and Elsie Henderson with their trailer and tent and Shirley Rydman with a camper van borrowed from Frank Powers and Ivy Shaw with her trailer and a trailer borrowed from Doug Carpenter. Thanks Doug. After setting up we took advantage of the rec-

reation hall to play pool, shuffleboard and ping pong. Then we proceeded to cook dinner on an open campfire. Nancy Picard arrived and everyone gathered around the campfire to sing and clap hands to the music of Nancy's accordion.

Tuesday we enjoyed boating and playing horseshoes. Lorna Hogg came to visit us in the afternoon after she had finished work and brought the most delicious chocolate chip cake which we had with our afternoon tea. Thank you Lorna.

Wednesday we packed up for home, visiting the recreation hall first for the last game of pool, shuffleboard and ping pong. We had our lunch and headed for home. A most enjoyable trip had by all. Our thanks to Shirley, Ken and Allan Rydman, Brian and Elsie Henderson, Doug and Barb Carpenter, Cleve and Ivy Shaw, Dolores Hall, Ellen Fyfe, Bonnie Bonfield, Lorna Hogg, Cory and Joey Porter, Nancy Picard and the kitchen staff.

Thursday morning we had a Happy Gang Meeting,

electing Jack Pollard to be our secretary, and the Happy Gang elected me to write the Happy Gang News. In the afternoon Charlie Stormer came in to help Ray Smith, Jim Allan, Harold McKelvey, John Sisson and Norman Titus stain the rabbit planters they have been working so hard on.

Friday the minister did not show up so we had no devotions this week.

Saturday, Alice Hartle, Hazel Parish and John Sisson loaded Ivy's car for the Flea Market which was held at the Legion. Lottie Paulmutter's daughter-in-law came in to see if she could be of any help to Ivy. Indeed she was a great help and our thanks to Isabel Palmateer.

Monday, August 30, our most devoted member of the Happy Gang, Dr. Watson Anderson, died. He will be most remembered for his efforts to have beautiful flower gardens and for writing this column. He is greatly missed by all.

We had no bingo Thursday night, no Fun and Fitness today. Doris is sick at home, and couldn't come in to play.

A real bad electric storm we had on Wednesday night for several hours. We had no room lights.

We welcome Sharon Gilligan as waitress in our diningroom, serving us at dinner, also lunch at noon.

Friday afternoon Grace and Norma came, and entertained so fine. I think some time we will take these ladies out to dine. After singing some good old hymns, Grace sang "My Old Kentucky Home", and read two poems. "If we were all alike", and "I would like to be an acrobat". To these two ladies, we take off our hats.

Trudeau, riding a train, threw a ten dollar bill out the window. His seat-mate said "Why did you do that?" Trudeau replied "To make some Canadian happy". His seat-mate said "Why don't you jump out yourself and make all the Canadians happy".

Well, the holiday is over, children back to school, where they learn their ABC's - also the Golden Rule.

Wednesday night was games night. We got badly beaten. Our opponents beat us fair and square, and didn't do any cheating.

Thursday afternoon the tea party was served by the ladies of the chapel at Harcourt. They not only brought a lovely lunch, but were real sports, and played and sang some good old hymns, and the children sang so fine. We thank them for the lunch, and such a jolly time.

Senior League

by

Bert Harrison

Sunday morning we went to Minden Gospel Church, and heard the Barker-Weeks Trio in music and in song. Then Sunday night we were truly blessed to hear them again here at Hyland Crest. They played and sang the good old hymns like "My hope is built on nothing less, than Jesus blood and righteousness". It was nice to have them as our special guests.

We have a lady, we won't mention her name, but this should be recorded in The Hall of Fame. She has been a non-alcoholic for seven years for which she won a reward. Don't you think this is really some record.

Tuesday morning Rev. John James from Haliburton United Church. Sometimes we know who will come but occasionally we are not certain. He held a nice service here at Hyland Crest. He took for his text "God goes first, and always knows best". And on this last day of August, we thank Mrs. Taylor for coming to play.

The Fearrey's came Tuesday night to play and sing. Everett had bad luck. He broke a mandolin string.

We didn't know Sidney Brown was an artist. We sure got a surprise. He showed us a painting that could take first prize.

Tuesday afternoon was bingo. Ted Carr won a whole dollar, and twenty-five cents. I want to borrow some of his money, but he said he never lent.

Well, the holiday is over, children back to school, where they learn their ABC's - also the Golden Rule.

Wednesday night was games night. We got badly beaten. Our opponents beat us fair and square, and didn't do any cheating.

Thursday afternoon the tea party was served by the ladies of the chapel at Harcourt. They not only brought a lovely lunch, but were real sports, and played and sang some good old hymns, and the children sang so fine. We thank them for the lunch, and such a jolly time.

The Afghan Hound was one of the big winners in the mutt show at the Kinmount Fair, Sunday. Many contestants brought their best pooches to compete in the event.

Young Artists' program ends for the season

The Young Artists' Summer Programme has now finished and was a great success. Over 250 children participated in the 10 week programme.

Both teachers and students enjoyed themselves and the summer immensely and although the weather was not very co-operative during the month of August.

In Monday's class burlap "carry-all" bags were made. The children sewed the bags and then decorated them with colourful yarn and pom-poms. They are going to use them for purses, shoebags and marble bags.

Life size tracings were made in Wednesday's class. The kids divided up into groups of two and traced each other. Then they coloured their paper bodies. They were surprised to see how big they really were.

The final day of crafts, Friday, we did bubble-gum art. The children chewed the gum until it was soft and flexible and then stretched it into various shapes. After this they stuck it to pieces of paper. Four different flavours of gum were used creating an abstract and "yummy" piece of art work.

St. John Ambulance first aid course saves lives

"I don't know of a totally successful accident prevention program that does not have first aid as part of it," says Frank Riley. Riley is Manager of Field Services for the Industrial Accident Prevention Association, and a man who's convinced that safety, accident prevention and emergency response are an important management function that begin with decisions on policy and organization. He says "We recommend first aid in a safety program for three reasons, compliance with regulations, human reasons and as an accident prevention tool."

There is also cost. The bill for industrial accidents in Canada is \$8.5 billion a year. Direct costs for compensation were \$1.3 billion in 1980, and there is no way to add up the human cost.

For those reasons, provincial regulations require that first aid employers provide both first aid training for some employees, and first aid facilities.

Riley says, "First aid is part of the management function. It's one of the basics of an accident prevention program."

To help employers work out the best approach for their own plant or office or work site, St. John Ambulance has a new Management Guide to First Aid. It is published in cooperation with the Industrial Accident Prevention Association and the Workmen's Compensation Board of Ontario.

St. John Ambulance safety oriented first aid training has a proven record of reducing the number and severity of on the job accidents.

OFA upset with Miller

from page 8

tic." Barrie said. OFA has suggested that the tax reform begin with a much lower base of \$5,000. But Miller said that "any move to accommodate the OFA in this area would increase the cost of the proposal to the public."

their lack of commitment to farming. The change we're suggesting would only cost an additional \$8 million. That won't break the government, but it'll give farmers a well-deserved break", Barrie said.

The OFA is urging Miller to reconsider his decision.

SENIORS... Ontario Property Tax Grant Applications.

TAKE CARE TO COMPLETE YOUR APPLICATION ACCURATELY.

Take a few extra minutes to fill out your application and then check it again for accuracy. This makes it much easier for the Ministry to process your form and get your cheque to you. In particular, you should remember the following:

- Fill in your taxes or rent for the entire year;
- Sign your application. Spouses 65 or over should also sign;
- If your marital status or address has changed, fill out the appropriate section on the application.

The Ministry will begin mailing Property Tax Grant cheques in early November and continue to do so on a regular basis.

Some points to remember

- If you have not received an application within 14 days and believe you are eligible for the Property Tax Grant, please contact the Ministry.
- Those seniors who reach the age of 65 between July and December will receive their application early in 1983.
- Those seniors who reach the age of 65 in 1982 will receive a grant for the full year once they return the application to the Ministry.
- If you moved permanently into Ontario during 1982, your grant is based on the time you resided in Ontario. If you have not received an application, please contact the Ministry.
- Seniors who are not eligible for federal Old Age Security but who have previously established eligibility for the Property Tax Grant will also receive an application. If you reside in a tax-exempt property such as a chronic care facility, a home for the aged or a similar institution, you are not eligible for the grant. However, if you move into a tax-exempt property during 1982, you are eligible for a Property Tax Grant based on your rent or property taxes prior to your move.

Sales Tax Grants

On December 3, the Ministry of Revenue will mail a \$50 Sales Tax Grant cheque to all Ontario seniors. No application is necessary for this grant.

Ontario Tax Grants for Seniors is a program designed to help offset municipal, school and retail sales taxes and home heating costs for Ontario residents 65 and over. The Property Tax Grant portion, of up to \$500 per household, is provided in two instalments annually. The first instalment of the 1982 grant, based on 1981 applications, was mailed in the spring.

The Ministry of Revenue has just completed the mailing of Property Tax Grant applications which seniors must complete in order to qualify for the final instalment of this grant.

If you received a 1982 Interim Grant, you will receive an application.

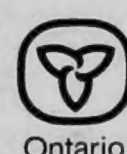

FOR MORE INFORMATION CALL THE MINISTRY'S MULTILINGUAL INFORMATION CENTRE:

• In Metro Toronto, dial 965-8470

• In Area Code 807, ask the Operator for Zenith 8-2000

• In all other areas, dial 1-800-268-7121

Or write to: Ontario Tax Grants for Seniors, Ministry of Revenue, Guaranteed Income and Tax Credit Branch, Queen's Park, Toronto, Ontario M7A 2B3.

Kellett's log barn lasts 130 years

Built in 1849, the structure is still located on the family farm

by SUE COOPER
Echo Editor

Weather
and age
have
shrivelled
the
original
cedar
logs

The log barn that George Kellett built has lasted over 130 years. It was constructed from cedar logs on the homestead property in 1849 and it's still used by his grandson today.

The barn, one of two built along with a house when the family pioneered land in Lutterworth Township in 1849, is utilized for storage now.

Weather and age have shrivelled the logs but the structure remains strong on its foundation.

The roof made of hand-split cedar shingles was

George, at 20 years of age, immigrated from Durham, England in 1834. Some 15 years later, George and Carolynn Kellett settled with their young family in the uncivilized country of Lutterworth.

Lot 26 in Lutterworth was one of the first lands to be registered in 1863 and it has remained in the Kellett name ever since.

Kellett had four children with his first wife and eight children with his second, Annie Fisher. He named all his sons after famous English men: Douglas, George, Collingwood, Wellington, William, John and Stanley. His daughters were named Lizzie, Hattie, Jennie, and Annie and the

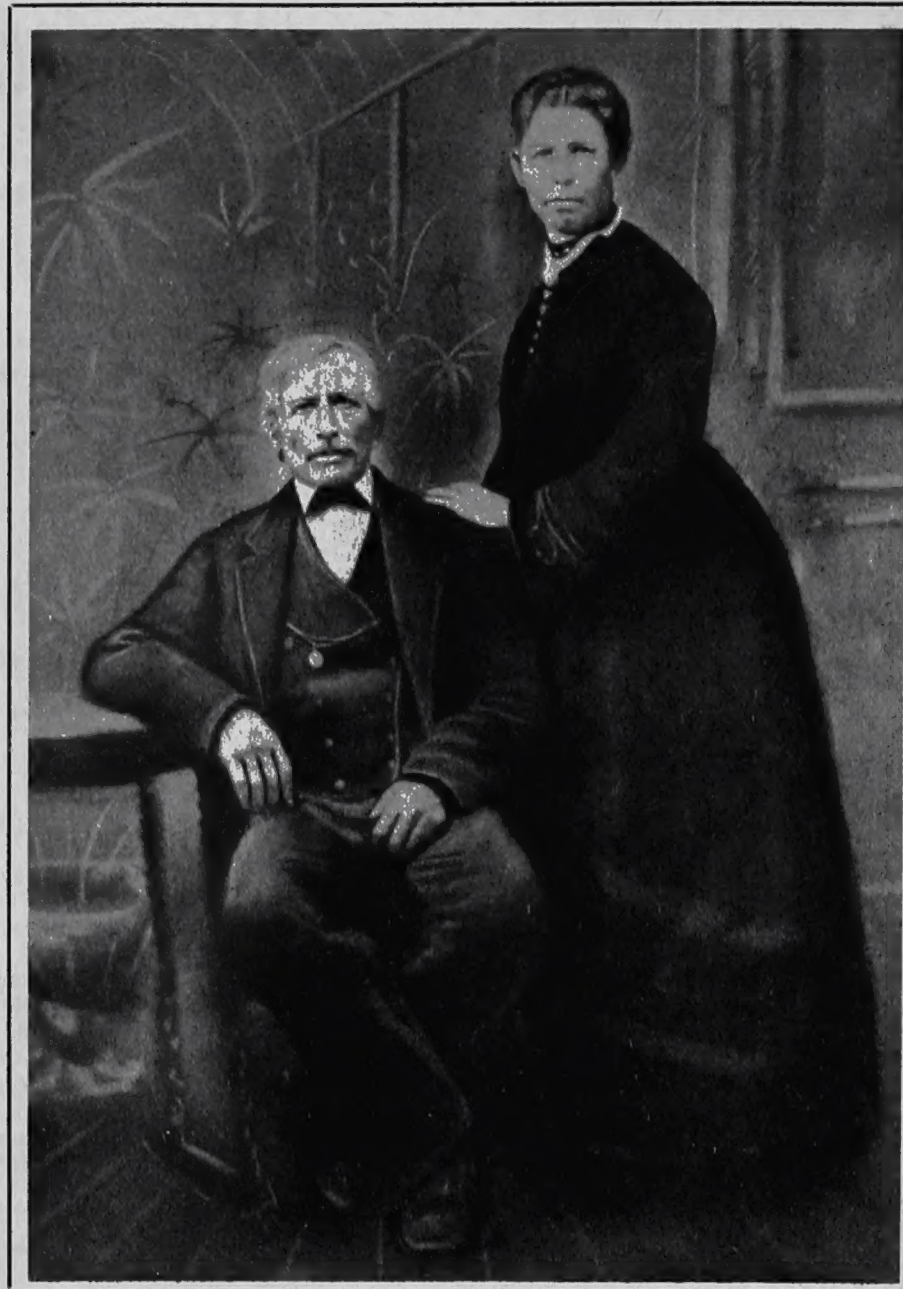

George Kellett left England in 1834

replaced in the 1940's by George Kellett's grandson, Gordon, who still lives on the Kellett property bisected by Highway 121, about 150 yards from the original family homestead.

Some 15 years later, George and Carolynn Kellett settled with their young family in the uncivilized country of Lutterworth.

other girl's name is unknown since she moved to the United States and lost touch with the family.

Almost 150 years ago, Kellett brought with him a hand-made wooden violin which is still owned by a great grandson. All the Kellett boys learned to play the violin although their formal education

George and Annie Kellett

Log house
was
destroyed

was limited by the unending chores of the pioneers.

The log house that was built at the same time as the barn was torn down in 1902 after the death of George Kellett. Annie (Fisher) Kellett, until her death in 1908, lived with her son John and his wife Emma.

While the Kellett fields are now used for pasture in the past they produced many crops. The Kellett pioneers planted an orchard on the property that provided apples, plums, gooseberries and currants for the family. Although the

house was gone, the orchard continued to produce fruit until 1933.

In that year, snow fell early, but the ground bared itself to the frigid air for three weeks near Christmas time. When the temperature dipped well below zero degrees fahrenheit, the trees froze and were ruined.

As well as raising a large family in a pioneer Lutterworth, George Kellett also served near township reeve from 1881-1883 and spent many other years as a councillor.

The barn is still used for storage

DISTRICT NEWS

Guilford Potpourri

by Gladys Kreller

Hi everybody, this is your new reporter, trying to report the Guilford area news. I realize that Bill Wood will be a hard act to follow, but I will try my best. We are sorry that Bill and Jean are leaving, but they are not going for good, as they will still summer in the north and winter in the south.

The first luncheon for the Haliburton County Home Support Service, Wheels to Meals program for the Guilford area will be held at the Guilford Grill on Tuesday, September 14 at noon. All senior citizens and their drivers are welcome to come to a lovely lunch and get together for only \$4. To make your reservations call either Ev Stata at 754-2204 or Ruth Sawyer at 754-3080. The meals on wheels program is also available to anyone who needs a nutritious balanced meal brought to them. Call Haliburton Home Support Service at 457-2941 or call Ev Stata at 754-2204. The Golden Age Bowling Club will start on Monday, September 20, at 1 p.m. and on Friday, September 24 at 1 p.m. and will welcome new members. Any persons over sixty years of age and would like to bowl, call Wes Stata at 754-2204 for more information.

Sharon Howard, daughter of Jim and Marge Howard is in Peterborough Civic Hospital, resting comfortably after being kicked in the abdomen by a horse, last Wednesday. Her spleen was ruptured but the doctors operated and instead of removing the spleen, as they usually do, they repaired it. She hopes to be home in about ten days.

It has also been a very bad summer for some other local people, Tom Adams, is still walking with a cane after breaking his leg in the spring while cutting trees in the bush. Phoebe Paul is still in a wheelchair after breaking her leg in July, Freida Handy has had an operation on her arm and it is in a cast and my husband Ken slipped a disc in his back on Sunday while bending down to kiss our son Kevin and now has to spend at least a week laying flat on his back.

Saturday, August 21 a wedding shower was held at Kennis Lake for Bayze Hagan and Steve Sutherland, with about 30 friends and neighbours attending. After opening many very small, but practical gifts including everything from a can of peas, some cake mixes, a can of octopus to a paring knife, Bayze was presented with a wishing well filled with three hundred dollar bills.

The Hagans are one of the original cottagers on Kennis Lake and Bayze has holidayed here year round since she was born. The

wedding took place in Toronto on September 5.

The first annual Barry Reunion was held on Saturday, August 28 at the West Guilford Recreation Centre and was a great success. A large hit with the group was Alfie Sisson and his hackney pony "Star", who took the children and adults on a nice two wheel carriage ride. About 130 of the Barry Clan enjoyed a pot luck supper and later danced to the music of the Jeff Barry Band and a disc jockey.

The grand opening of the new "Backwoods Marina" owned by Jim and Gloria Carnochan was well received by the Kennis Lake cottagers and further news will follow in this column as this Marina gains momentum.

Registration for the West Guilford area play school will take place on Tuesday, September 14 at 7:30 p.m. at the West Guilford Recreation Centre. Play school will be Tuesday and Thursday mornings from 10 a.m. to 11:30 a.m., beginning September 21. All children three and four are welcome. The fee is \$10 for one child or \$15 for two. For more information please call Linda Hebert at 754-3409 or Arlene Edwards at 754-2605.

The flea market was held in Haliburton again this past weekend, good variety of items for sale and a lot of people to buy the goodies made it a success. The food basket was won by Mrs. Bud Vickery of Haliburton.

We would like to welcome Charles and Bonnie Holliswell and their daughter Alexis Bruyns to the neighbourhood. The Holliswells have moved here from Toronto after purchasing the home of Mr. and Mrs. Bruce Medcalf Sr., who have left the area to live in Hamilton.

A tip of the good neighbour hat to Alfie Sisson and Star for helping to make the Barry Reunion the huge success that it was.

The last big weekend of the summer is now a thing of the past as most of the tourists have left and the children are off to school, so I guess our very short summer has now officially come to an end. Please watch out for the school buses and don't forget to stop as they are carrying very precious cargo, your children and mine.

If anyone has any news they would like put in the Potpourri column would you please call me at 754-3005 or write it out and drop it at The Silver Valley Store or the house behind the store. Well that's all for now, see you next week.

This light horse team had to dig in to pull the weight in the drawing competition at the Kinnmount Fair, Sunday, Murray Cowan, of Haliburton, won the

match with his team. Crowds, five people deep, lined the horse ring to watch the exciting event.

Chatting with Irene

by Irene Moore

Labour Day week-end is over, between now and Thanksgiving there is only one holiday, and that is the local Civic holiday on September 20. How time flies, we will soon be into fall, or is it here early?

The only good thing about last week-end was Saturday and Sunday were nice days for Kinnmount Fair.

Please be careful on the roads and highways now, as the school buses will be stopping all along the way to let the children off or on, and when they stop, you must also stop, even if you are meeting a bus.

Mr. and Mrs. Bill Beers and family spent the long week-end at Lake St. Joseph. Statistics prove that at the age of 70 there are five women to every man. Isn't that the darndest time for a guy to get those odds?

Mr. and Mrs. Gordon Dawkins of Rexdale spent the holiday at their cottage.

Minden Slender Seekers held a draw for the afghan, and wall hanging at their regular meeting on September 1. Because of the power failure, the draw had to be made by candle light, but the lucky winners were: Velma Stevenson, the afghan; and Carla Lichty, the wall hanging.

Glenda Stamp of Whitby visited with Bud Stamp over the holiday.

Minden Women's Institute will hold their first fall meeting in the Common Room of the Cultural Centre Wednesday, September 15 at 2

p.m. All ladies are invited to attend.

Lynda and Gary Williams and family of Stouffville, visited with Mr. and Mrs. Mervin Bunker for a few days last week.

Don't ask me why the power was off so long last Wednesday night; all I know is that I had to stay awake most of the night, so that I could keep the sump hole bailed out, so it would not overflow on the cellar floor. I managed to keep ahead of it, but sure was tired on Thursday. Then there was that terrible blast on Friday. I nearly jumped out of my skin. It shook the dishes on the shelves, as I went running out the door, so did the neighbours, but we never did find out what it was.

Have you tried Pear Honey? 3 pounds or 9 cups ripe pears; 1 cup crushed pineapple, grated rind and juice of one lemon; 5 cups sugar. Wash, pare and core pears, slice before measuring; put through a food chopper, using fine blade. Measure 9 cups pears and combine with pineapple in a large kettle, add lemon rind and juice, add sugar and cook over low heat, stirring frequently for 20 minutes. Pour into sterilized jars and seal while hot. Makes 6 pints.

Elva Paisley won the jackpot at Rotary bingo last week. She won \$250 in 57 numbers. Congratulations Elva, but don't spend it all in one place.

Plan a seasonal wardrobe around one basic colour. A few garments that look well together give the most outfits for the least amount of money. Don't be tempted to buy a sale item that doesn't go with anything.

Mr. and Mrs. H. Lloyd Brownridge spent a few days at their cottage. The Brownridges are from Scarborough.

I must quit now as I'm making chili sauce, and canning some tomatoes. This is the time of year when it is

work to work.

The first general meeting and registration for Minden Figure Skating Club will be Tuesday, September 14 at the Municipal Office. Registration will be at 7:30 p.m. and the meeting will start at 8 p.m.

Minden playschool will hold its registration night Thursday, September 23 at 8 p.m. in St. Paul's Parish Hall. For more information phone 286-2088 or 286-2635. Adios and take care now.

Coboconk News

by Sheila Lake

I was sorry to hear Walter Luff is in Ross Memorial Hospital. Mr. Luff, 92, is one of our oldest senior citizens. How about a card to cheer him up?

Laurie Gillett was honoured at a pantry shower at Faith Tabernacle last Wednesday evening. Two weeks ago, a shower was held for Laurie at the Legion Hall. Laurie will become the bride of John Brohm in the near future.

Winners in the Seniors euchre held in the Community Hall on Tuesday were as follows: ladies' first - Wendy Chynoweth - 69; ladies' second - Jean Thompson - 68; Consolation - Marion West; most lone hands - Jean Thompson - 4; gents first - Greta Reeds, 74; gents sec-

ond - Mary Russell - 63; consolation - Charlie Brown. Most lone hands - Greta Reeds - 5; Bridge first - Ralph Brown - 4080; bridge second - May Chapman - 3920; low - Tom Graham - 1020.

Mr. and Mrs. Ross Faulkner are visiting with their son Lloyd and nephew Lawrence Davis, at Belleville.

Mr. and Mrs. Robert Lake and family of Stroud are visiting Sheila Lake and family this weekend.

Although we have had a lot of rain, we have been lucky. Please turn to Page 12

Haliburton Highlights

by Creighton Feir

If you take a drive around town you can see that a great deal of progress is being made on the construction of the new apartment building on Mountain Street. It shouldn't be too much longer now, before they are completed. When finished and ready for occupancy this large apartment building will be a great asset to the village and the surrounding area.

At a recent meeting of the Rotary Club of Haliburton Rick Elstone introduced our new exchange student from Mexico. He is the youngest of eight in the family, and his nick name is "Rud". He is staying with Rick and Rhonda Elstone. We welcome him to our community and hope that everyone will make him feel at home.

The Haliburton Pastoral Charge of the United Church will be holding their worship service and picnic at Birch Point Lodge this coming Sunday, September 12 at 11 a.m. You are asked to bring along your own food and lawn chair.

They tell me that our local N.H.L. players Bernie Nicholls and Walt McKechnie have been skating themselves back into condition at the local arena. The training camps are now getting underway and McKechnie and Nicholls want to be in shape when the workouts begin.

The building on the corner of Highland Street and Maple Avenue in Haliburton which is occupied by Bowes and Cocks Limited, Realtor and Mary Lou's Snack Bar has had an exterior facelift and new paint, and this without a doubt has made a tremendous change to the appearance of the building. Bowes and Cocks who have added several sales persons to their staff following the amalgamation of R.J. Brohm Real Estate have found the need for more office space. During the past few weeks G. Elstone Construction has been making changes to the interior of the building.

The Sunday evening church services, sponsored by the Haliburton Ministerial Association and held during the summer months at the new band shell at Head Lake Park, are over for another year. The attendance at these summer outdoor services was up this year, but they just couldn't seem to get the weatherman to co-operate. I think if you look back

there were only about two Sunday evenings that it didn't rain. On one occasion the service was moved to the Lakeside Baptist Church due to cold weather.

The management of the Haliburton Huskies Junior "C" hockey club has announced that their training camp will begin at the Haliburton Arena this coming Monday evening, September 13. If you are interested in attending and playing for the Huskies please contact Brian Black at 457-2835.

Wendy Laking, Marie Chambers and Carol Lee who worked for the Guild of Fine Arts this summer under the Young Artists' Summer Programme were recent guest speakers at one of the Rotary Club of Haliburton's regular meetings. The girls operated a craft programme for the past two months operating at Head Lake Park and Tall Pines School on alternate days. The girls had over two hundred children over the summer and all enjoyed their experiences of recycling to recreate. The funding for this program was applied for by the Guild of Fine Arts and granted by the Federal government under the Summer Canada program.

We are harping again on the subject of litterbugs in Haliburton and from what we can see we still have plenty of them. It is unnecessary that people litter the village with debris when it can be placed in litter containers which have been placed all over town for everyone's convenience. Don't be a litterbug. Let's keep things in a clean and tidy fashion.

Attendance was good last Saturday and Sunday at the Art Sale on the boardwalk at the Raily End Gallery. Over 500 original oil paintings were on display at Head Lake Park near the gallery.

Let's not forget pledge sheets for the Terry Fox Run on Sunday, September 19 may be picked up at Mike's Milk at Haliburton and Beckers in Minden. It's time once again to run, walk, jog, stroll, or wheel for Terry. That date again is Sunday, September 19 at 1:00 p.m. from the town dock in Haliburton.

Those two sunny days we had Saturday and Sunday really brought the golfers out. We understand that most of the golf courses in the area did a thriving business.

Gooderham News by Mary Hadley

The home of Anne and Walter Franke on Highway 507 was totally destroyed by fire at 3:30 a.m. on Monday, August 30. The family, who lost everything, were lucky to escape with their lives as they were forced to jump from the second floor balcony. The Glamorgan Volunteer Fire Department responded quickly and worked hard but were unable to save the house. However, they prevented its spread to the other buildings. The family, unable to use the phone, had run to the neighbours, which caused a delay in the alarm call.

The cause is being investigated. Meantime, Anne and Walter are very appreciative of help being given by their kind friends.

The foot clinics, sponsored by the Haliburton, Kawartha and Pine Ridge Health Unit, are resuming after the summer holidays. The first fall clinic here will be held Thursday afternoon, September 16, in the Glamorgan Community Center and every third Thursday of the month thereafter. For an appointment, phone 447-2803. A \$2 fee will be charged for foot care to cover the cost of the supplies used.

Norma Fotheringham, her two sisters, Gladys Monaghan and Elva Whitcombe, and friends, Elsie and Elsa Domoney, visited a friend, Mac Brown, in Collingwood recently.

Visitors with Les Fotheringham were Mr. and Mrs. Don Stutsbury and Mrs. Joan Hicks.

Eleanor Boothe of Toronto spent a two week holiday with her sister, Hazel Bell, and Ken.

Mrs. Storey spent a week with her daughter and son-in-law, Ileen and Ivan Hunter.

Three students, continuing their education this fall, Marilyn Reil, Dianne Madill and Greg Rummelgas, took part in the "Summer Canada" programme during July and August. As a result, you may have noticed some of the several improvements they made in our village. A new

fence was built from the municipal office past the post office. The cenotaph took on a new look when they poured a cement top and repaired the plate. They also did some painting and made repairs to the ball diamond. You did a good job, students!

Sunday, August 29, the Billings Reunion was held at Bear Lake Park. Besides the local members of the clan, those present included Leslie and Gladys Billings with their two children from Lanark. Verna Martin and Mr. and Mrs. Jim Byne of Omenee.

Jean and Roy Dear of Niagara Falls are holidaying at their cottage on the Burnt River.

The Lamberts from Oxford, Michigan, are vacationing in our area.

It seems such a short time ago that we were welcoming our summer guests. How quickly the season passes.

We have bid good-bye to Helen McMullen who is returning to her studies at Simon Fraser University in B.C. Marion James has returned but we shall expect to see her on skis when that season rolls around.

Lee McQuillan of St. Catharines spent a few days with her grandmother, Claribel Sheehan, before resuming her studies at McMaster University.

My grandson, Gerry, with his friend, brought me home last Tuesday after spending a few days in Barrie for the celebration of the twenty-fifth wedding anniversary of my son, Bob, and his wife, Pat.

Carnarvon News

Mrs. Martin Davies will visit with Mr. and Mrs. Stan Archer this week-end.

The Boshkung Tourist Association are having a barbecue and dance at the Carnarvon Dance and Bowling place.

Mr. Tom Harrison, who has been ill for some time, is recuperating at his home.

Last week Barbara and Roger Harrison spent a few days with Mr. and Mrs. H. Burton.

Relatives here and friends in Florida, were shocked to hear of the sudden death of Della Pierce of Frances, Sas-

katchewan. It was there the Windsors stayed for six autumn seasons to duck hunt. She will be greatly missed in Florida this coming winter.

We were pleased to be the guests of Mr. and Mrs. Bert Harrison at Hyland Crest last week. No one should complain of the food for we were served a roast chicken dinner.

Mr. and Mrs. Walter Ackerbald and Mr. and Mrs. Harry Steed enjoyed a boat trip one day last week through the Georgian Bay Islands, leaving from Parry Sound and would recommend this trip to anyone.

Coboconk News

from page 11

in that we were never without power this past week. Our neighbours to the north apparently were without power for five hours, Wednesday night.

Mr. and Mrs. Philip Schell of Toronto were weekend visitors of Mrs. Ruth Fralick

I enjoyed meeting with the gals at the Monday meeting at the Haliburton Legion on Wednesday afternoon.

I am sorry you have not been well, Lola and Verna. I hope you improve and are able to enjoy our lovely fall weather.

Kinmount Korner

by Millie Moss

I hope all the bad things of last week are cleared up by now. Dennis Stata was hurt by one of the big machines while working on the highway. The house on the hill on highway 121 in town was engulfed by fire. Some folks were taken to the hospital in Minden after a car accident at Mabel's Cut 'n' Curls.

How many people lost any or all of your gardens last Saturday night? Our tomato plants are gone for another year although the fruit itself survives. Our border dahlias got the frost too, so guess I'll try again in 1983.

Doris and Garland enjoyed the Barkwell reunion at their home on Sunday, August 29 when 40 of the Barkwell clan gathered and enjoyed the day outside.

I'm told quite a number of Kinmount residents enjoyed their Sunday at the motorcycle Hill Climb at Wilberforce, August 29. Bill Scott M.P., the Phillips girls, Nancy Crego, Ida Young attended the unique event. It was quite an exciting day.

Everyone has been getting ready for the big Kinmount Fair and hoping the day will be a nice one. More on that later.

That was quite a storm last Wednesday evening and we came back to Kinmount late that night to complete darkness all over town. It was like the good old days with our oil lamps and candles all aglow. Apparently the hydro went off about 8 p.m. and was restored around 2:30 a.m.

The boys are working double time these days trying to get highway 503 and 121 finished in time for the big Fair in town.

Results of the St. Patrick's C.W.I. euchre party, Tuesday, August 31: ladies' high: Joan Pappas, ladies' low: Norah Brandon, men's high: Mike Cain, men's low: James Simpson, lone hands: Mike Cain. There were seven tables of happy card players.

Watch for the big year end "bag sale" once again, at the Women's Institute Hall in Norland on highway 503. It will be held September 7, Tuesday afternoon and evening 1-4 p.m. and 7-9

p.m. Again on Saturday, September 11 from 1 p.m. to 4 p.m. All you can stuff into a shopping bag is yours for one dollar. How about getting your friends and buy a change of clothing at prices of 50 years plus ago. It's all good, used clothing and you'll be helping a very good cause at the same time. This will be your last chance until next summer.

Our new neighbours are coming along nicely with their new home which they are building themselves, on the Avenue.

I hope all sick folks will be well soon and well folks stay that way and be here again next week... 488-2399. Some late news: the Kinmount Senior Citizens Club #714

will be holding a card party, penny table and a draw on a wall hanging and quilt, to be held at the Legion Hall in Kinmount on Thursday, September 9 at 8 p.m. Admission \$1.00.

Visitors at the home of Clara and Ambrose Watson on Howland Junction Rd., are grandson Steven Fountain and his friend Shawn Henwood, both of Oshawa.

Wynne Donald of Bath, Ontario, Herb and Ev Brady of Scarborough were overnight guests of Bill and Win Wilson at R.R.1, Kinmount, last week.

A very happy birthday to Rene Emery in Scarborough on Saturday, September 11 from all the gang in Kinmount.

Trent Severn

Continuing threats of considerable rain this week have caused some problems in deciding when and to what extent to interfere in the decline of the levels of the Kawartha. Outflow reductions to the Otonabee River have been made each day this week and this has resulted in the lakes becoming pretty well stable by Friday. Outflow is again set to the same minimum as has been reached several times this summer.

Reservoir water has been called upon at about the same rate as last week until a small increase today to

counter the likely effects of a dry windy weekend on the Kawartha. If rain is forthcoming a reduction for next week is likely, except from the three Lake Trout spawning lakes where shallow spawning occurs. These lakes will be lowered, as last year, sooner than the others to be down before spawning begins so no further lowering will occur to expose the eggs.

The Reservoir stored water amounted to 65.1 percent of normal maximum August 30. This was about 3 percent less than on August 23, but about 4 percent the 10-year average for the date.
